## देश का पम्प शक्ति सोलर पम्प DESH KA PUMP SHAKTI SOLAR PUMP

Shakti Pumps, a pioneer since 1982, embodies innovation and sustainability. With 30% domestic market share under PM KUSUM, it's a powerhouse of progress. From stainless-steel pumps to energy-efficient motors, Shakti thrives on excellence, accredited as a Star Export House by the Government. Its in-house manufacturing spans Variable Frequency Drives, Motors, Structures, and Inventors. This industrial symphony in Madhya Pradesh produces 500,000 units annually, resonating with Shakti's energy. With "Make in India" at its core, Shakti Pumps fuels growth, enriching fields, lives, and the nation's rhythm of advancement.

## प्रिय शेयरहोल्डर्स,

मैं दिनेश पाटीदार, शक्ति पम्पस् इंडिया लिमिटेड की 28वीं वार्षिक रिपोर्ट प्रस्तुत करते हुए उत्साहित हूँ। यह वार्षिक रिपोर्ट इस मायने में बेहतर है क्योंकि, पिछले वर्ष हमारा ध्यान सामान्य व्यवसाय के साथ तकनीक पर काम कर भविष्य तैयार करने पर रहा है।

पूरी दुनिया की राह पर चलते हुए एक ओर जहां पम्पिंग सॉल्यूशंस भारतीय अर्थव्यवस्था की मजबूत रीढ़ की हड्डी बनाता जा रहा है खेती-किसानी और उद्योगों में सफल होने के बाद अब घरेलू क्षेत्र में भी इसका प्रयोग हो रहा है, वहीं दूसरी ओर बैटरी से चलने वाले वाहनों ने बाजार में अपनी पकड़ लगातार मजबूत की है।

एक और महत्वपूर्ण बात यह है कि पिछले कुछ वर्षों में हमने संगठन के रूप में सफलता प्राप्त की है।

## इंडस्ट्री के नजरिये से

पिछले वर्ष आपकी कंपनी ने सौ प्रतिशत स्वामित्व वाली इलेक्ट्रिक वाहनों के लिए मोटर्स और कंट्रोलर्स बनाने के लिए 'शक्ति ईवी' के नाम से एक कंपनी शुरू की थी। मोटर्स और कंट्रोलर्स की तकनीक पर युवा और उत्साहित रिसर्च टीम ने बहुत मेहनत की है। प्राथमिक सफलता के रूप में कई कंपनियों में हमारे प्रोडक्ट का डिजाइन स्वीकार कर लिया गया है। और हम इसी से प्रेरणा लेकर मोटर और कंट्रोलर डिजाईन एवं निर्माण कर रहे हैं।

आपको पता है कि हमने पिछले कई वर्षों से मोटर एवं पम्पस के रिसर्च एवं डेवलपमेंट पर काम किया है। उत्पादकता बढ़ाने, लागत कम करने और एनर्जी सेविंग प्रोडक्ट तैयार करने के प्रयासों से आने वाले दिनों में बढ़त दिखाई दे रही है। हमें विश्वास है कि हमने खास तकनीक विकसित करने से जो पेटेंट प्राप्त किए हैं उनका फायदा आने वाले समय में हमारे शेयरहोल्डर्स को प्राप्त होगा।

मैं बहुत ही विनम्रता और विश्वास के साथ शेयरहोल्डर्स को बताना चाहता हूँ कि हमने **Switching Circuit to Start Single Phase Induction Motor** तैयार की है। इसका अर्थ यह है कि किसी भी मोटर को चलाने के लिए एक कंट्रोल पैनल की आवश्यकता होती है जिसके खराब हो जाने के कारण हमने मोटर में ही ऐसी पेटेंटेड तकनीक डाल दी है, कि वह बिना कंट्रोल पैनल के स्टार्ट हो सके। यह पेटेंट आज और आने वाले समय में ग्राहकों और कंपनी दोनों के लिए एक बड़ी उपलब्धि साबित होगा।

हमने आपूर्ति श्रृंखला यानि सप्लाय चेन को बेहतर करने के लिए प्रयास किये हैं, जो सफल रहे हैं और इसे और सुचारु ढंग से चलाने के लिए हम लगातार प्रयासरत हैं।

हमारा व्यावसायिक प्रदर्शन पिछले वर्ष की तुलना में हमारे अनुमानों से कमजोर रहा। हम पीएम कुसुम स्कीम के भरोसे शानदार प्रदर्शन करने की तैयारी में लगे रहे, उधर अंतर्राष्ट्रीय परिस्थितियों और कच्चे माल के भावों में अस्थिरता के चलते निश्चित ऑर्डर्स होते हुए भी हमने उन्हें प्रॉफिट मार्जिन ना होने के कारण आपूर्ति नहीं की। इसके बावजूद, सभी बचे हुए ऑर्डर्स पर काम हो गया है। बेहतर कीमतों की उम्मीद की वजह से कुछ ऑर्डर्स अभी हमने रोके हुए हैं।

हम अभी कई राज्यों में कार्य कर रहे हैं तथा आने वाले समय में (SECI) द्वारा पीएम-कुसुम योजना फेस-III के तहत 8.57 लाख सोलर पंप के लिए नए टेंडर में कंपनी को और अधिक बिजनेस मिलने की उम्मीद है।

## आर्थिक प्रदर्शन

वर्ष 2022-23 में प्राप्त राजस्व रु. 967.7 करोड़ रहा, जिसमें निर्यात का बड़ा योगदान रहा है। कच्चे माल की कीमतों में अप्रत्याशित वृद्धि के कारण सोलर ईपीसी व्यवसाय में कमी आई जिसके कारण आय में करीब 18 प्रतिशत की कमी रही। एक्सपोर्ट बिजनेस लगातार अच्छा प्रदर्शन कर रहा है, वित्त वर्ष 2023 में एक्सपोर्ट से होने वाली आय 27 प्रतिशत की बढ़ोतरी के साथ 232-54 करोड़ रुपये हुई। PAT FY2022& 23 में 24.1 करोड़ रुपये और EBITDA 66.6 करोड़ पर EBITDA मार्जिन के साथ 6.9 प्रतिशत रहा। इस बार हमारी US की कंपनी ने हमें बहुत अच्छा रिजल्ट दिया है। हमें लगता है आने वाले समय में हमारी कंपनी और अच्छा कार्य करेगी। पिछले वर्ष हमें US से लाभांश भी प्राप्त हुए हैं। हमारी दुबई की कंपनी ने भी अच्छा कार्य किया है तथा आगे आने वाले समय में अच्छे व्यापार की आशा है।

## निर्यात पर जोर

FY2023 में, मध्य पूर्व, संयुक्त राज्य अमेरिका और अफ्रीका में एक्सपोर्ट ने कुल राजस्व का 24.6 प्रतिशत योगदान दिया। यह भारत में बढ़ते मैन्युफेक्चरिंग एक्सपोर्ट का लाभ उठाने के लिए तैयार है, जो पिछले कुछ वर्षों में तेजी से बढ़ रहा है। शक्ति पम्पस् टेक्नोलॉजी और अपग्रेडेशन में भी निवेश कर रहा है। जो कि एक बेहतर एक्सपोर्ट बनने की लिए आवश्यक है व जिसके लिए हम तैयारी कर रहे हैं।

## सरकार का योगदान

हमारे उद्योग के लिए, भारत सरकार की भूमिका अहम रही है। प्रधानमंत्री जी की कुसुम योजना जिसका उद्देश्य किसानों को सोलर पम्पस लगाने के लिए अनुदान देकर कृषि के क्षेत्र में ग्रीन एनर्जी को बढ़ावा देना रहा है, ने हमें आगे बढ़ने में मदद

की है। भविष्यवादी दृष्टिकोण रखते हुए हमने ग्रीन एनर्जी की ओर कदम बढ़ाए हैं और हमारी शक्ति पम्प की पूरी टीम की कोशिश रहेगी कि हम अपने शेयरहोल्डर्स को टेक्नोलॉजी और व्यावसायिक सफलता का एक मजबूत अवसर दिला पाएँ।

शक्ति पम्पस् के लिए दिखाई दे रहे मौकों के साथ, मुझे यकीन है कि हम सभी आने वाले समय में अधिक ऊंचाइयों तक पहुंचेंगे।

## कृतज्ञता रिमार्क

एक बार पुनः शेयरहोल्डर्स का अभिनन्दन करते हुए बताना चाहूंगा कि आपकी कंपनी ने भविष्य की टेक्नोलॉजी तैयार करने पर काम किया है और मुझे भरोसा है कि एक टीम के रूप में हम आने वाले समय में आपकी अपेक्षाओं पर खरे उतरेंगे।

धन्यवाद!

# FROM THE DESK OF CHAIRMAN

## DEAR SHAREHOLDERS,

I, Dinesh Patidar, welcome you all to the 28th Annual Report of Shakti Pumps (India) Ltd. for the financial year ending 31st March 2023.

Pumping industry has been the backbone of almost all economies – either through the use in agriculture or in industry as well as its application in the domestic sector. As an organization, we have achieved success in the past few years.

## INDUSTRY – BIRD'S EYE VIEW

India's share in the USD 96 billion world pump market is about 1.5% and the industry should target a substantial increase in this percentage. With the China+1 policy, the doors for pump manufacturers, amongst others, have opened up, with a plethora of opportunities.

Let us now proceed towards a snapshot of the business at Shakti Pumps for the year gone by.

With a view towards incorporating climate change factors in its purview, Shakti EV was incorporated, which is a 100% subsidiary. The subsidiary is currently engaged in the EV segment and is responsible for the manufacture and sale of EV motors, charging stations, EV controller, electric control panels, smart electric control panels, VFDs and other items. Manufacture of homegrown motors for two-wheelers, three-wheelers and four-wheelers is the forte of the Company, which it has developed to be in alignment with the Make in India initiative. After immense research and development in this segment, we have successfully got approval from other companies and we have manufactured the motors and controllers for them.

As you all know, we have been working continuously working on the R&D of motor pumps. This has led to growth of the company and increase in productivity. Energy conservation is another focus area of the company. The patents which we have been filed and got approved will be conferring various benefits to the shareholders in the coming years.

It is with immense pride that I convey to all the stakeholders that SPIL received patent for inventing a 'Switching Circuit to Start Single Phase Induction Motor' from "Intellectual Property India, a Ministry of Commerce & Industry Organisation". For most of the pumps manufactured in India as well as in other countries, there is a requirement of control panels, that often get damaged. This has led us to developing a pump which can start automatically without a control panel and we have also received the patent for the same. All our stakeholders especially our customers and our shareholders will have great advantage due to this technology. This patent is an outcome of the technology upgradation and environment conducive efforts.

The company has also achieved success in streamlining and improving the supply chain, though we have not

been able to meet the financial levels of last year. Though there were plans to go robust with the PM KUSUM scheme, the global economic scenario due to geo political tensions and raw material price fluctuations was not very conducive for our operations. In spite of having new orders, due to supply chain constraints causing pricing concerns, we did not execute them due to lesser profit margins. However, all pending orders have been executed. Some orders are on hold, with some expectation of better pricing and the rates have been confirmed with current prices.

Presently Shakti Pumps is working in many states and in near future we are expecting to receive new orders under PM-KUSUM scheme III, approximately 8.57 lakh solar pumps has sanctioned by SECI under the PM KUSUM Scheme.

The Uganda project has also commenced in the year, which aligns with the green energy plans in Africa. Collaboration for similar projects is expected from the adjoining African nations as well. SPIL is already a preferred partner for major export markets in USA and the Middle East and efforts are being taken to expand this into other continents as well.

## FINANCIAL OVERVIEW

The revenue generated in the year 2022-23 was Rs. 9,677 million, with major contribution from exports. The revenues showed a decline of 18% y-o-y, due to the slowdown in the Solar EPC business, caused due to a sharp increase in raw material prices. The export business has been a consistent performer, with export revenue growing by 27% y-o-y to Rs 2,348 million in FY2023. PAT was at Rs. 241 million in FY2023 and EBITDA at Rs. 666 million with an EBITDA margin of 6.9%.

Shakti has exhibited excellent performance as well as profits in USA in the last financial year and anticipates better performance in coming years. The setup in Dubai has also contributed positively to our results.

## EXPORT EMPHASIS

In FY2023, the exports to the Middle East, USA and Africa contributed to 24.6% of the total revenue. Shakti Pumps has been investing heavily in enhanced R&D and technological upgradation and is intent on patents and innovations. It is poised to capitalize on the increasing manufacturing exports in India, which has been growing at a rapid pace over the last few years.

## THE ROLE OF THE GOVERNMENT

For our industry, the Government of India has been a great support system. With the introduction of Pradhan Mantri - Kisan Urja Suraksha Evam Utthaan Mahabhiyan (PM KUSUM) scheme, there has been no looking back. This flagship scheme, which has been launched through tendering in phases, aims at promoting the use of renewable energy in agriculture by providing subsidy to

farmers for installation of solar pumps. With different components of the scheme coming into action in different phases, Shakti Pumps has developed its business through geographical expansion as well as increase in production capacity.

## FUTURISTIC OUTLOOK

Going a step beyond maintaining leadership position in the country, Shakti Pumps has exhibited export competency over the last few years. We hope to continue this dominance in both national and international markets in the coming years as well, with our innovative spirit, dedication and team work. The Company has already ventured into green energy and will continue to delve deeper, heeding to climate change in more than serious ways. Its ability for end-to-end manufacturing by pioneering ground-breaking products whilst simultaneously meeting the demands of a diverse customer base across industries is the underlying power of Shakti. With a wide spectrum of opportunities available to Shakti Pumps, I am sure all of us would reach greater heights in the years to come.

## GRATITUDE REMARKS

I hereby extend my heartfelt gratitude and appreciation to the stakeholders. Without the strong belief of the shareholders, customers, employees and all across the value chain, this progress would not have been possible. The Company has developed excellent technology and I am confident that it will give positive results in the coming years.

Warm regards,

**Dinesh Patidar**  
Chairman

# ABOUT THE REPORT

The Integrated Annual Report for Shakti Pumps (India) Limited, henceforth referred to as SPIL, presents the financial and non-financial performance for the period between April 1, 2022 and March 31, 2023. It also covers discussions on the material issues and contribution to ESG initiatives. This Report adheres to the Integrated Reporting framework and GRI Standards.

The Report covers all the financial, non-financial, operational and social activities of the Company. The Report defines the organisational objectives and strategies, the business model and the subsequent value creation process, material issues, risk management and the opportunity landscape. As a Company, SPIL is committed to transparently disclosing information beyond the statutory norms, in order to facilitate informed decision-making by its stakeholders, based on the evaluation of its performance. It is also ensured that comprehensive yet concise information is communicated to all the stakeholders.

The report includes Business Responsibility and Sustainability Report (BRSR) for compliance and communication. The BRSR template helps the Company be

accountable for the identification of ESG responsibilities and their transparent inclusion in annual reports. The BRSR also helps create a linkage between the operational and ESG performance of the company.

## BOUNDARY AND SCOPE OF REPORTING

The report has included voluntary management narratives on the Company's business, strategy and performance along with the mandatory board's report and financial statements and Business Responsibility and Sustainability Report

## RESPONSIBILITY STATEMENT

The Board firmly believes that this report is a fair representation of the Company's financial, non-financial,

sustainability and operational performance and addresses all material topics relevant to the Company for FY 2022-23. The Board acknowledges that the contents of this report have been prepared by the respective functions and businesses under the guidance of the senior management

### BOARD ASSURANCE

The management has evaluated the contents presented in the Report and accepts the responsibility for its integrity. The Board is of the opinion that the Report addresses all material issues and provides a fair and balanced view of the Company's performance.

### FORWARD-LOOKING STATEMENTS

In this Annual Report, we have disclosed forward-looking information to enable investors to comprehend our prospects and take investment decisions. This Report and other statements – written and oral – that we periodically make contain forward-looking statements that set out anticipated results based on the management's plans

and assumptions. We have tried, wherever possible, to identify such statements by using words such as 'anticipate', 'estimate', 'expects', 'projects', 'intends', 'plans', 'believes', and words of similar substance in connection with any discussion of future performance. We cannot guarantee that these forward-looking statements will be realised, although we believe we have been prudent in our assumptions. The achievements of results are subject to risks, uncertainties and even inaccurate assumptions. Should known or unknown risks or uncertainties materialise, or should underlying assumptions prove inaccurate, actual results could vary materially from those anticipated, estimated or projected. Readers should keep this in mind. We undertake no obligation to publicly update any forward-looking statement, whether as a result of new information, future events or otherwise.

# ABOUT US

‘SHAKTI’ personifies the rudimentary cosmic energy and many believe that it is the force that is responsible for the existence of the Universe. Shakti Pumps is the force behind India’s one major revolution, irrigation and pumping of the farmlands.

A pioneer in manufacturing 100% Energy Efficient Stainless-Steel Submersible Solar Pumps & Motors, Shakti Pumps (India) Ltd. has firmly established itself in the pumps industry with more than 30% market share in the domestic market under the PM KUSUM scheme. The Company was incorporated in 1982 and is being steered by Mr. Dinesh Patidar since then. SPIL has been accredited as Star Export House by Government of India.

Shakti Pumps launched its business as a core pumping solutions company and elevated itself to becoming the first manufacturing unit for stainless steel pumps and energy efficient motors. It has been certified by Bureau of Energy Efficiency (BEE) with five-star ratings.

SPIL is the only company with in-house manufacturing of a whole range of products including Variable Frequency Drives, Structures, Motors and Inventors for solar pump installation. These products have varied applications and are manufactured in more than 1,200 variants. The products have wide-ranging applications in sectors such as agriculture, building services, oil and gas, power, metals and mining. With advanced

in-house R&D and robust backend support, the production facility at Pithampur, Madhya Pradesh churns out close to 5,00,000 units per annum.

The Company’s strong brand recall has empowered it to make immense contribution to the industry as well as create value for its stakeholders. Making the pumping system in India robust, durable and hygienic, Shakti Pumps has led initiatives like Make in India with in-house research and manufacturing capabilities.

## VISION

To become a company that constantly strives for quality and customer satisfaction by providing best pumping solutions with global benchmarks and to be a company which integrates Health, Safety and Environmental considerations into all its business decisions and activities, such there will be Zero accident; Zero liquid discharge; Zero carbon foot print.

## MISSION

- To work relentlessly towards coming closer to our vision statement by offering best working environment and training focusing on integrity and ethics
- To empower the workforce to offer products and services that exceeds customer expectations by providing value for money and ensure handsome return to our employees and shareholders
- To create a safe workplace by reducing injuries, accidents and environmental impact for current and future generations

## CORE PURPOSE

To enable the optimum use of water for domestic as well as commercial purposes

## VALUES

- Environmental Sustainability
- Social Responsibility

# CORPORATE STRUCTURE

The parent body Shakti Pumps (India) Ltd. has multiple subsidiaries for domestic and overseas business

## DOMESTIC BUSINESS

### Shakti Energy Solutions Pvt. Ltd.

- 100% WOS
- Has 1,00,000 solar structures annual capacity
- Located in Pithampur, Madhya Pradesh
- Currently only doing captive production, but has plans to sell to other players as well
- Revenue: INR 992 million, PAT: INR 4.9 million in FY2023

### Shakti EV Mobility Pvt. Ltd.

- 100% Subsidiary in Dec 2021 to enter into EV competent Solutions like Motors, Controller, Chargers

## OVERSEAS BUSINESS

### Shakti Pumps USA LLC

- 100% WOS based out of USA, Revenue: INR 470 million, PAT: INR 41 million in FY2023

### Shakti Pumps FZE, UAE

- 100% WOS based out of UAE, Revenue: INR 898 million, PAT: INR 52 million in FY2023

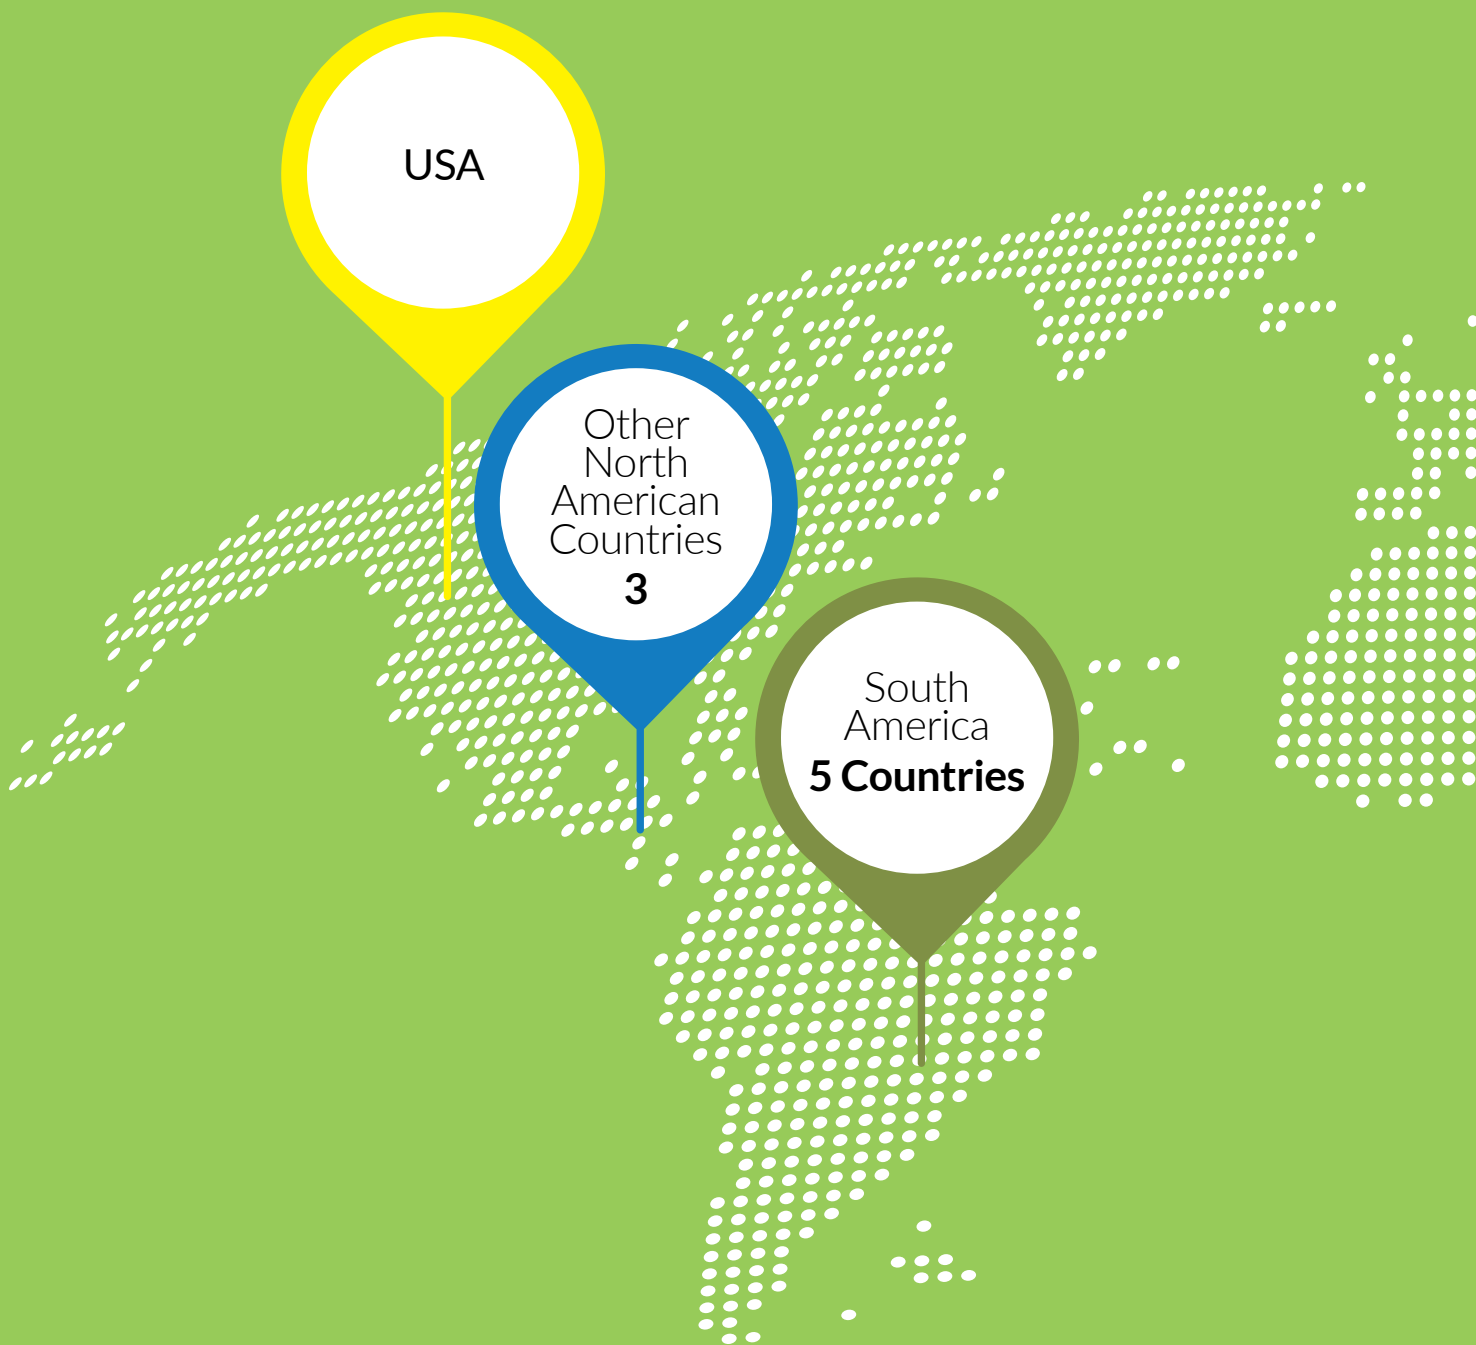

### Shakti Pumps (Shanghai) Ltd

- 100% WOS based out of China; PAT INR (0.5) million in FY2023

### Shakti Pumps (Bangladesh) Ltd

- 100% subsidiary based out of Bangladesh, PAT: INR (1.5) million in FY2023

# GEOGRAPHICAL REACH

## Global Presence (100+ Countries)

## Global Presence (100+ Countries)

Having presence in more than **100 countries**, the geographical risk is reduced considerably and increase in revenues and margins.

In **FY2023**, the export sales from **Middle East contributed 44%** the maximum to the revenue, followed by **USA at 30%**. Revenue from exports were at **24.6%** and it is due to growth of business in all segments.

### EXPORTS

Shakti Pumps is certified as a Star Export House by the Government of India. It was also recently awarded for Excellence Engineering Export.

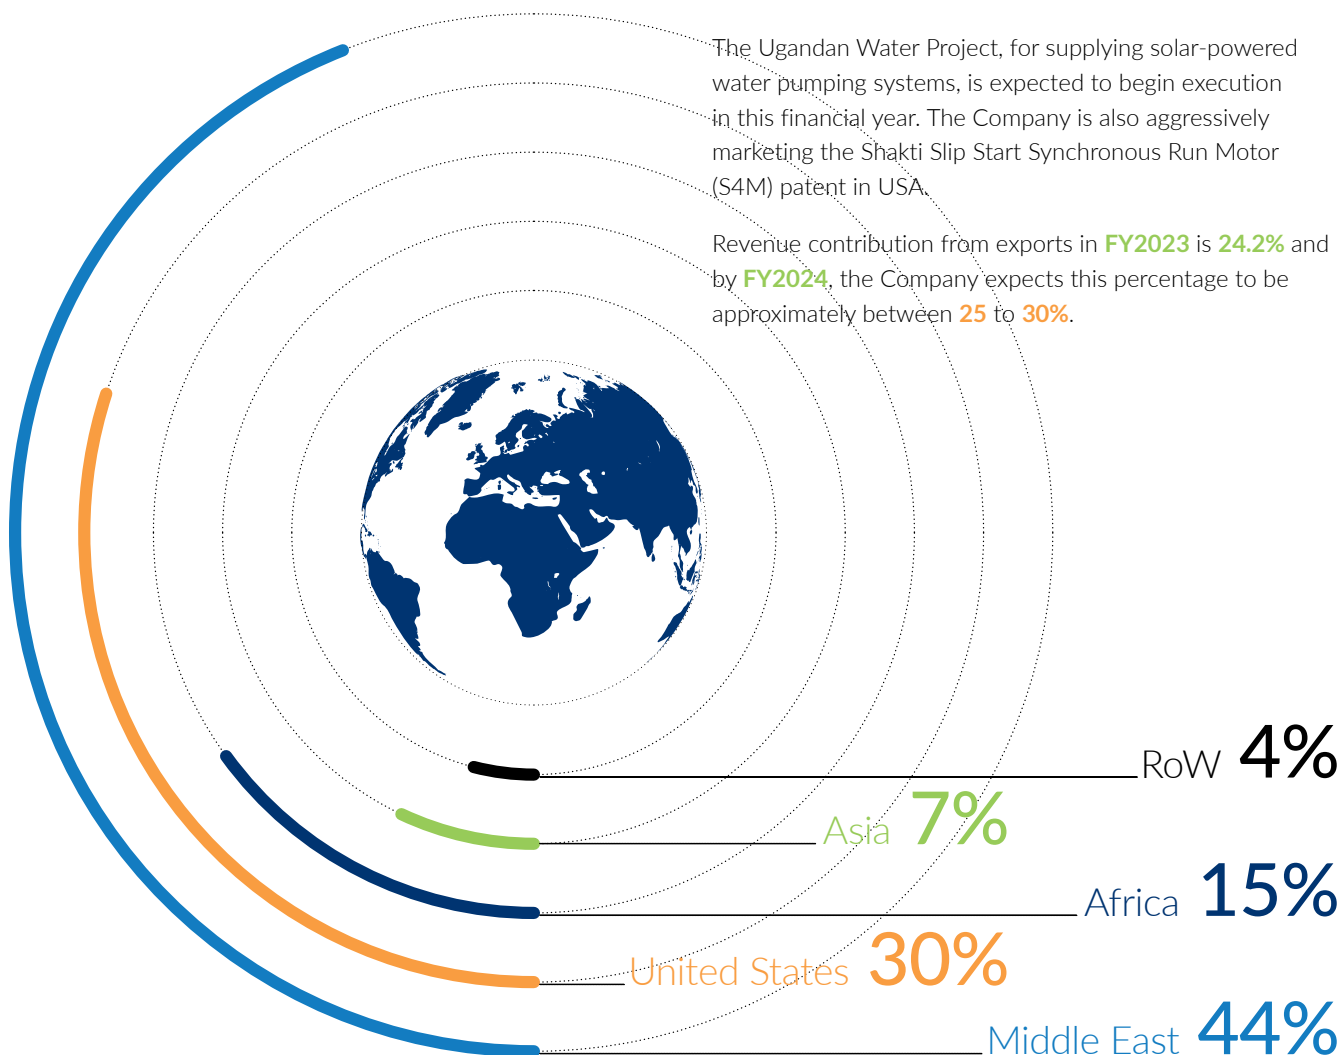

Endowed with state-of-the-art research and development wing which is thoroughly involved in innovative research

on methods and practices, the products of the Company have reached other countries with ease. In addition, the global certifications in safety and reliability improve the acceptability in the other countries in Middle East, Africa and in USA. This also allows for new market exploration and new product innovation based on the demands due to geographical variation.

In the last two years, there has been commendable growth in exports in India, with estimates exceeding **USD 1 trillion by FY2028**. Shakti Pumps intends to capitalize on this trend and expects to ramp up its export business while concentrating on patents and innovations. The Company's revenue from exports stood at **Rs. 210.10 Cr in FY2023**. It has been a constant endeavour at Shakti Pumps to augment the exports segment and accordingly plans and projects are conceived.

The Ugandan Water Project, for supplying solar-powered water pumping systems, is expected to begin execution in this financial year. The Company is also aggressively marketing the Shakti Slip Start Synchronous Run Motor (S4M) patent in USA.

Revenue contribution from exports in **FY2023** is **24.2%** and by **FY2024**, the Company expects this percentage to be approximately between **25 to 30%**.

# STRATEGIC MILESTONES

# CLIENTS

SPIL has a diversified customer mix comprising of Government, solar OEM players and industries from other sectors like agriculture, building services, oil and gas, power, metals and mining. The diverse spectrum of sectors results in low customer concentration risk.

Customers under Govt Projects  
Highest revenue share with 67% reported  
30% CAGR during 2019-23 period

Export Customers  
Second largest revenue segment with 24%  
share, CAGR 14% during 2019-23.

Other Customers  
Other customers including Industrial,  
OEM, Residential and others contributed  
9% revenue.

## A varied range of applications in diverse sectors

### SOLAR

SPIL is a channel partner with MNRE with top notch 1A ratings, pumps ranging from 0.5 HP to 300 HP that are simple to operate with remote monitoring system offering 50-60% more discharge.

### AGRICULTURE

The products are irrigation pumps, solar pumping solutions, agricultural sprinkler system with pumps or with solar pumps.

### INDUSTRIAL

The products are used in industries for variety of purposes such as fire-fighting, sewage, heating & cooling of systems, washing and storage.

### COMMERCIAL

The products are also used in hotels, corporates, malls, high rises buildings and commercial premises where heavy pressure and boosting is required.

### DOMESTIC

For domestic needs of bungalows, high-rise buildings, housing complexes and apartment, they used for tasks such as water supply, over tank storage watering, gardens and fountains.

### SEWAGE AND DRAINAGE

The Company offers wide range of necessities from draining flood water from various areas like basements, car parks or empty cesspools to managing sewage in a water treatment plant.

# DEMAND DRIVERS

- Thriving agricultural and irrigation sector in India.
- Rapid growth of population and urbanisation calls for an exponential increase in demand for water to be supplied to both domestic and commercial high-rise buildings.
- Cognizance of the need for better sanitation.
- Awareness of the need for potable drinking water and the emphasis on recycling of water.
- Fast-paced growth of many manufacturing sectors that entail the usage of pumps.
- Attractive subsidies from the central and state government for the purchase of green pumps.

- Government policies and regulations towards energy efficiency and promotion of the agricultural sector like subsidised electricity and exemptions on use of solar pumps.
- PM's relentless support for solar power usage through Pradhan Mantri - Kisan Urja Suraksha Evam Utthaan Mahabhiyan (PM Kusum) scheme, thus driving the demand for solar pumps.
- India has the third largest regional market for water pumps after MEA and China and the fastest growing region with an estimated CAGR of over 10% during 2017-27.

# VALUE CREATION

Shakti Pumps creates a robust value chain by using valuable resources from the point of sourcing through the process of manufacturing to the point sale, creating opportunities for OEMs, suppliers, dealers amongst all others throughout the chain.

The raw materials required for manufacturing products are either sourced domestically or imported, the decision of which is prudentially taken, based on Cost Benefit Analysis.

The products are available in the market through an extensive dealership and distributor network, comprising of 500+ dealers.

The company also extends after sales service for all the products, with a network of 400+ service centres spread across the country.

# CERTIFICATIONS AND APPROVALS

# MANUFACTURED CAPITAL

The specialised manufacturing setup at SPIL allows for accommodation of evolving demands, whilst adhering to quality standards. Complete backward integration involves the manufacturing of all the key components that are pre-requisite for the manufacture of pumps and motors.

The solar structures for solar panels are also manufactured in-house, with a capacity of 1,00,000 units. Quality and standards are kept in check through the computerised testing facility. The R&D wing, which IIT Delhi supports under the Government of India's Advanced Invention Scheme, undertakes advanced, cutting-edge research and facilitates the development and manufacture of innovative products.

# SEZ UNIT

A manufacturing facility was setup in the Pithampur special economic zone (SEZ) in Madhya Pradesh in 2008. This unit is engaged in the production of 100% stainless steel submersible pumps, and is exported all over the world, in sync with the international market requirements. The unit has an advanced modern plant and various pieces of high-tech machinery, meeting international production and quality standards. Highly personalised products based on the demand from various geographies are manufactured in this unit, simultaneously ensuring global customer satisfaction.

Area: **3.15** acres

Capacity: **1,50,000** pumps per annum

## Domestic Unit / Main Unit

The second manufacturing unit of SPIL is also situated in Sector III of the Pithampur Industrial Area, but this setup consists of different plants that are able to meet the specific market needs of different product groups. There is also an inhouse high tech R&D unit here.

### 4" MOTOR MANUFACTURING PLANT

This particular plant is exclusively used for the manufacturing of 4" submersible motors. It is equipped with state-of-the-art manufacturing equipment to ensure every submersible 4" motor produced is of the highest quality.

### 6", 8" AND 10" MOTOR MANUFACTURING PLANT

This plant is focused on manufacturing 6", 8" and 10" submersible motors for pumps of corresponding sizes. State-of-the-art manufacturing equipment ensures that SPIL can compete on a global scale with respect to these products in the most advanced way.

### SUBMERSIBLE PUMP MANUFACTURING UNIT

This unit is used solely to produce 100% stainless steel submersible pumps in various sizes for use in the domestic market. Technologically advanced assembly lines and equipment are a characteristic of this unit and helps meet the constantly changing demands of the domestic market.

### INDUSTRIAL PUMPS MANUFACTURING UNIT

The plant in Unit III development produces pumps for various industrial applications, including vertical, multi-stage, centrifugal pumps, pressure booster pumps, hydro systems, self-priming pumps, open well pumps, end solution pumps, sewage and effluent water pumps, boiler feed application pumps and pumps for use in firefighting, among others. This unit is also able to meet constantly changing market demands in a rapid turnaround time, due to the use of cutting-edge technology and the specialised workforce in the unit.

SPIL always strives for an improvement in its operations and its international ranking. To meet this requirement, the Company has installed a computerised testing facility to measure the pumps' performance and compare them to the international market.

The existing two manufacturing plants in Pithampur (SEZ and Domestic), along with an expansion of the domestic tariff area (DTA) unit has resulted in the company having a combined installed capacity (solar and motorised) of 5 lakh pumps per annum in three shifts and 1.35 lakh units in a single shift.

Capacity: **3,50,000** pumps per annum

## Electronics and Control Plant (E&C Plant)

**The E&C unit is a part of the main domestic unit. It is based on Japanese technology, supplying power electronics outside the company as well.**

### MANUFACTURING FACILITIES

The E&C Plant is equipped with state-of-the-art machinery and skilled manpower to provide reliable and quality products. Machines equipped with latest technology makes the entire manufacturing process-driven and eliminates the need for manual soldering and testing.

### SMT ASSEMBLY

The plant has the capability to place components ranging from 0402 (01005) package size components to the larger SMT packages with absolute precision, matching IPC-A-610 standards. With the high level of placement accuracy and solder joint integrity, the best quality is consistently achieved. With two modern SMT lines, SPIL can place up to 99,000 placements per hour and are fully equipped to undertake low- to high-scale PCB batches.

### THROUGH-HOLE COMPONENT ASSEMBLY (THT)

Traditional leaded through-hole components can be either flow soldered or fitted by our dedicated, highly skilled assembly team. This approach offers a robust, high-precision

expedient assembly solution. With their wealth of training to the highest IPC-610 standards, the staff at SPIL can offer a level of soldering ability that sets us apart from the competition.

### ENCAPSULATION & CONFORMAL COATING

Our conformal coating material is a thin polymeric film that 'conforms to the contours of a printed circuit board to protect the board's components. Typically applied at 10-210µm (micrometers), it is applied to electronic circuitry to act as protection against moisture, dust, chemicals and temperature extremes.

### PCB FUNCTIONAL TEST

The E&C Plant has a highly skilled team of test engineers and technicians as well as a large range of testing equipment, bench, and functional test equipment. Our staff undergoes cross-product training and have a huge range of experience in the electronics test field. Customers can have the confidence that the product has been fully tested to their specifications.

# INTELLECTUAL CAPITAL

With an advanced R&D team and infrastructure to its credit, SPIL has filed for 29 patents and has been awarded 3 patents.

**Awarded first-ever patent for inventing 'A Unidirectional solar water pump with grid-tied power generation' capabilities.**

## FIRST PATENT

The company had received its maiden patent in April 2022 for creating 'A Unidirectional Solar Water Pump with Grid-tied Power Generation' system.

Unidirectional solar water pump technology helps in conserving both water and electricity by limiting the pump's discharge to the amount of water needed. It ensures effective operation by using the panels to help feed extra power to the grid.

**Second patent received in August 2022 from the US for making a high starting torque energy efficient motor.**

## SECOND PATENT

SPIL received its second patent from the United States Patent and Trademark Office for creating Shakti Slip Start Synchronous Run Motor.

This product has a breakthrough retrofit, super-efficient motor technology duly available in both surface and submersible categories. The patented motor is 5-10% more efficient and has up to 15% more power factor than a conventional induction motor. It is a reduced carbon footprint alternative to line-run induction motors. This motor enables the customers in reducing their electricity bills and ultimately help in dropping the losses of power companies.

**Third patent received in Apr'23 from GOI inventing switching circuit to start single phase induction motor.**

## THIRD PATENT

SPIL received its third patent for inventing a 'Switching Circuit to start single phase-induction motor.'

The capacitors used in the pumps are accompanied with lot of complications in circuits and voltage fluctuations. This invention will drastically reduce these complications as well as costs of conductors in the riser cable can be lessened.

# INTERNATIONAL SOLAR ALLIANCE

SPIIL is a strategic partner at International Solar Alliance (ISA).

This has produced aggregated demand for more than 2,70,000 Solar Pumps across 22 countries.

More than 1 GW of solar rooftop across 11 countries and more than 10 GW of solar mini-grids across 9 countries under its respective programmes have been installed.

# SHAKTI EV MOBILITY PVT. LTD.

Establishing new business segments and gaining a dominant position in the market has been the forte of SPIL. Thus, in addition to upholding domestic and international sales, SPIL recently ventured into a new industry to expand its clientele and increase its margins. By utilising its technical knowledge and in-house research abilities, and also emphasising the need to address the climate change issues, the Company has entered into the green power industry.

Shakti EV Mobility was incorporated as a wholly-owned subsidiary by Shakti Pumps in December 2021. The subsidiary is currently engaged in the EV segment, including the manufacturing and sale of EV motors, charging stations, battery management systems, electric control panels, smart electric control panels, VFDs and other items. For two-wheelers, three-wheelers and four-wheelers, it has created homegrown motors, in alignment with the Make in India initiative.

Shakti EV has already catered to the two-wheeler and three-wheeler segments and is in the process of testing and developing of other products.

The Electric Vehicle industry is projected to reach

10 million in sales by the year

2030, growing at a CAGR of

49% between 2022 and 2030, thus providing ample opportunities for this setup.

# UGANDAN WATER PROJECT

SPIL had received an order from the Government of Uganda represented by the Ministry of Water and Environment for supplying a solar powered water pumping system in 2021

at a total contract price of **USD 35 million** funded by Indian EXIM Bank in Uganda. In FY2023, the Company

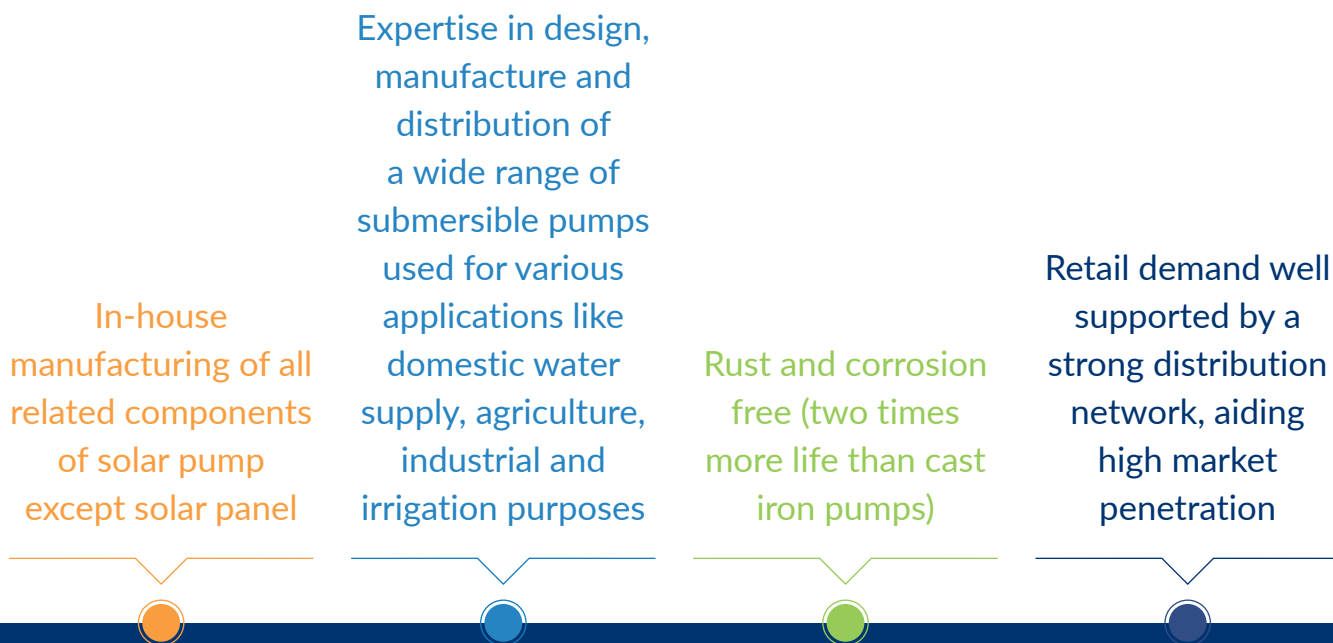

received the pending **USD 1 million** from EXIM Bank on behalf of Government of Uganda.

SPIL had already commenced operations in Uganda under this project and it is expected to provide safe and sustainable water supply to half a million Ugandans across

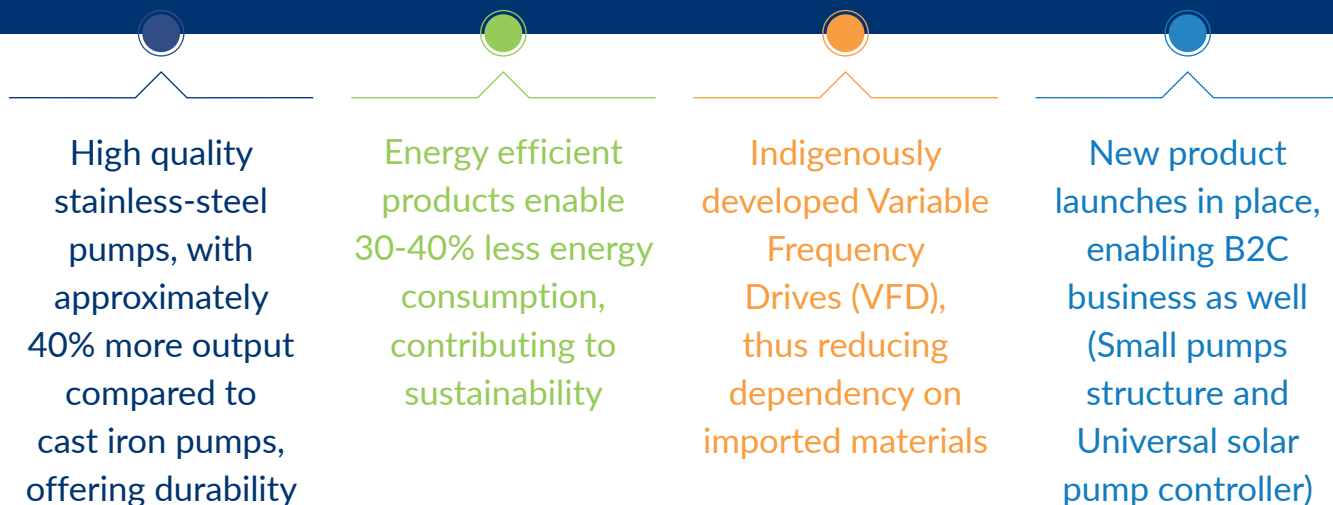

**20** rural districts.

## COMPETITIVE ADVANTAGES

## COMPETITIVE

Strong backend support (of 3 years), helping improve customer connectivity and service – Availability of a team on the field who resolve issues related to the pumps

Offering customized solutions to meet the specific requirements of different industries and customers

One of the selected bidders among 5-7 L1 bidders for supplying pumps with 1-10 HP

Average life of pumps is approximately 10 to 15 years

## ADVANTAGES

Offering innovative solutions through cutting edge R&D

Deep market penetration

Inbuilt remote monitoring system - technologically advanced pumps that can be remotely monitored through “Shakti Remote Monitoring System – Mobile App” with controls built inside the pumps

Ability to reach a global customer base – presence in many countries outside India

# GOVERNMENT'S ROLE IN SUPPORTING SOLAR POWER GENERATION – PM KUSUM SCHEME

Countries and organizations around the world have been adopting and implementing various aspects of the Green Energy Agenda as part of their commitment to combat climate change and transit towards a more sustainable energy future. This global effort is crucial for mitigating the impacts of climate change and ensuring a cleaner, greener planet for future generations.

India is playing its role in this agenda and one of the primary action points is to setup 280 GW solar power capacity by 2030 (up from 49.34 GW as on 31 Dec 2021). To meet this end, the government has launched various schemes, of which, the Pradhan Mantri - Kisan Urja Suraksha Evam Utthaan Mahabhiyan (PM Kusum) scheme is beneficial to SPIL.

A flagship scheme initiated by the Government of India to promote the use of renewable energy in the agricultural sector, a budget of Rs. 480 billion was setup in FY2018-19 for a period of 10 years. The scheme aims to install solar pump sets to replace traditional diesel or electric pump sets used by farmers for irrigation. This helps in reducing the dependency on fossil fuels and mitigates greenhouse gas emissions. The scheme also encourages the installation of grid-connected solar power plants on barren lands, fallow lands, or unused lands owned by farmers. These solar power plants allow farmers to generate additional income by selling surplus electricity to the grid. In addition, under this scheme, farmers can receive support for the solarization of their existing pump sets. This involves retrofitting existing pumps with solar panels to reduce their dependence on conventional electricity or diesel.

**COMPONENT A:** Addition of 10,000 MW solar power capacity with the installation of small plants of up to 2 MW capacity each.

**COMPONENT B:** Installation of 20 lakh solar-powered agricultural pumps (off-grid)

1. Replacement of existing diesel pumps
  - Replacement demand is ~320 lakh pumps with ~220 lakh electric pump and ~100 lakhs diesel pumps
  - Initial plan to replace 20 lakh pumps of the total 100 lakh diesel pumps (Achieved ~15% of target).
2. Farmers applied for electricity connection, but the request is still pending with the department.
3. Farmers want to terminate their electricity connections after getting it replaced with solar power.

Point 1 & 2 constitute ~90% demand from component - B

**COMPONENT C:** Solarisation of 15 lakh existing Grid-connected agriculture pumps (on-grid).

## GLOBAL PUMP INDUSTRY

Somewhat reaching pre-pandemic levels, in FY2023, organisations all over the world have simultaneously experienced supply chain disruptions and sanctions. However, over the long term, escalating demand in the oil and gas sector will lead to numerous offshore deepwater projects to be planned across the world. This, in turn, is expected to drive the pump market over the next few years. Technological advancements in alternative options for conventional pumps, such as solar pumps, are expected to increase value of the pump market. Nevertheless, the pump manufacturing sector has witnessed the combination of technology and computer modelling. This has led to cutting-edge development in pump design, repair and replacement, which drives the pump market and provides opportunities for the market in the future. Globally, Asia-Pacific dominated the markets through FY2023, with the majority of the demand coming from China and India.

Asia-Pacific is projected to grow at the highest CAGR, becoming the world's fastest growing region for pump markets, followed by North America and Europe.

### Key trends in the global pump industry

- Waste Water Treatment

The 6<sup>th</sup> goal of United Nations' Sustainable Development Goal (UN SDG) emphasizes universal and equitable access to clean water and aims to improve water quality by curbing pollution and eliminating the dumping of hazardous chemicals and materials by 2030. The mounting concerns regarding the environmental impact of wastewater and water scarcity and rigorous government regulations are expected to drive the water treatment industry and, in turn, increase demand in the pump market.

- Industrial Application

The pump industry has a wide range of applications in oil & gas, agriculture, metal & mining, water & wastewater treatment, textile, chemical, construction, manufacturing, and many other sectors. Pumps enable the transfer of process fluids from one place to another.

- Agriculture

Pumps, in this sector, are used for irrigation, drainage, flood control, tanks and digestors, wastewater transport, wastewater treatment, water circulation and water supply.

- Increase in construction activities

Increasing population and the consequent urbanization has resulted in a rapid rise of construction activities, of both residential and infrastructural. Industrial pumps are used in construction to remove the excess water from sites.

- Product innovation

A key trend gaining popularity in the pump market world-wide, most major pump manufacturers are geared up for developing technological solutions and heavily investing in research and development.

The global pump market is valued at USD 96 billion in 2022 and is estimated to be at USD 119.39 billion by 2028, growing at a CAGR of 6.3%<sup>1</sup>.

The non-submersible sub-segment is expected to grow at a faster rate of 6.6%, compared to the submersible sub-segment. The non-submersible segment contributes almost 68.6% to total revenues of the industry. (Centrifugal pumps are non-submersible pumps in that they are used out of the water. Centrifugal pumps offer easy access and can provide a lot more pressure than what submersible pumps can offer).

The global *agricultural* pump market stood at USD 4.9 billion in 2022 and is expected to reach USD 5.7 billion by 2029. China has the largest agricultural pump market with about 65% market share followed by North America with 13% market share<sup>4</sup>.

The Asia-Pacific region is estimated to contribute almost 36.7% in 2022 with a growth rate of 9.3%<sup>2</sup> CAGR.

In terms of industrial pumps, the global industrial pumps market is projected to reach USD 85 billion to 90 billion by 2025 and USD 120 billion by 2030<sup>3</sup>.

## INDIAN PUMP INDUSTRY

With a forecasted growth rate of CAGR 5.4%<sup>1</sup> between 2023 and 2028, the India pump industry is a direct function of the progress of various sectors in the economy. The centrifugal pump segment grabs a significant share in the industry due to its virtues like energy efficiency, lesser maintenance, ability to withstand long hours of operations and capability to handle large volumes. The Indian economy is thriving due to the developing industrial, commercial, agricultural and residential sectors and consequently the centrifugal pump industry is getting a thorough boost due to its diverse applications in multiple areas.

In FY2022, India's share in the USD 96 billion world pump

market has been around 1.5% estimated to rise to 4% by 2027<sup>1</sup>. Exports from India have been growing at 10%-12% annually, with India exporting pumps and valves to 100+ countries, serving different segments.

The exports of pumps of all types were valued at USD 98.7 million in 2022, rising 25% to USD 123.5 million in 2023.

#### Key trends in the Indian pump market

The constant requirement of pumps by the core sectors of the economy have underlined the growing importance of the pump sector in the country. The agriculture sector is the highest consumer of pumps and building services industry comes next. The rest of the infrastructure sector – the highly technologically intensive sectors – like oil and gas, water and waste management treatments, metals and mining – also have high demand for pumps.<sup>2</sup>

- Rising applications of pumps in the sectors of agriculture and chemical industry, to pump water, solvents, organics, and acids and bases.
- Increasing domestic use of centrifugal pumps across domestic and residential sectors, due to its simple design, easy maintenance and smooth flow rate.
- Rising utilisation of pumps in the thriving oil and gas sector to perform a variety of tasks.
- Growing capacity expansion of various sectors like food and beverage, mining, pulp and paper and water treatment.
- Technological advancements in the power generation sector call for higher usage of pumps.

Improvising the product design with the aid of product and process innovation is another key trend governing the Indian pump market.

The states of Rajasthan, Haryana, Punjab, Madhya Pradesh, Maharashtra and Chhattisgarh are the largest consumers of pumps in India.

Based on application and usage, the agricultural sector has the highest contribution towards demand for pumps. A growing population, favourable regulatory policies and schemes supporting farmers and the vast availability of agricultural land is boosting the sector's growth and eventually the pump market. Agricultural pump sets are characterized by innovations and continuous product developments aimed towards improving their economics and efficiency.

The Indian pump industry is lined by both national (large companies as well as MSMEs) and international players. 90% of the country's demand is met by local players, the balance 10% is imported. The sector is self-reliant in captive power generation and energy efficiency. Compliance with quality systems like ISO 9000, ANSI, API or EUNO series of standards, technologies based on intelligent process and equipment systems and high-end customised products are some of the prominent features of the pump industry in the past few years. 95% of the pumps manufactured are centrifugal pumps, while the remaining 5% are positive displacement pumps.

In FY2022, the manufacturing cost grew by around 45% but the product process could be raised by only 25%<sup>1</sup>, causing a slight decline in the pump industry.

India has the third largest regional market for water pumps after Middle East Asia and China and is the fastest growing region with an estimated CAGR of over 10% during 2017-27<sup>4</sup>.

## Demand Drivers

- India, predominantly an agrarian economy, has a thriving agricultural sector. Agriculture and irrigation have a sustained demand for pumps.
- Declining ground water levels over the recent years.
- Proactive government policies to indirectly accelerate demand for pumps by offering
  - subsidized electricity
  - exemptions on use of solar water pumps

These policies have triggered the rise of independent irrigation facilities thus increasing the demand for water pumps.

- India GDP is projected at USD 15 trillion by the year 2030, of which 70% is accounted for by urbanization, which propels the demand for pumps. Thus, urbanization and population growth are major demand drivers.
- Along with increasing population is the need for better sanitation, which has increased the demand for pumps manifold.
- Awareness of the need for potable drinking water and the emphasis on recycling of water.
- Waste and waste water treatment activities.
- Growth of the Indian chemical and pharmaceutical market has also stimulated the demand for high quality industrial pumps.
- Government policies and regulations towards energy efficiency and promotion of agricultural sector.
- Escalating demand for exports.
  - Overseas demand is high in steel, mining and oil & gas
  - Global population growth

## Key Strengths of Indian Pump Industry

The Indian pump market is a reliable and mature market since years and has been growing steadily. Its price competitiveness and technological consistency gives it a competitive advantage.

Many foreign players have extended technical collaborations and joint ventures with Indian manufacturers, thus enhancing the technical know-how within the country. The domestic pump sector exhibits both vertical and horizontal integration.

- The domestic market for pumps in India is one of the fastest growing.
- Currently, 16% of India's pump manufacturing capacity is ready for exports.
- India has a ready-to-sell, export market, present in more than 100 countries.
- India offers among the highest net value additions in the world (more than 20%).
- Adherence to the best quality standards – such as ISO 9000, ANSI, API or EUNO series.
- Lower cost of operation in India offers labour cost advantage.

With India's tiny share in the exports of pumps in the world market, there lies a host of opportunities available to the Indian players. Many players have in fact ventured into the international markets with their high value pumps. However, realignment of value chain, optimal understanding of consumer demand, improvement of quality while managing costs and implementing energy efficient technologies are the need of the hour. The industry is gradually picking up pace, notwithstanding the global economic scenario and there is a requirement for exploring high-value, energy-efficient pumps.

## SOLAR INDUSTRY

Energy efficiency, reduction of carbon footprints and climate resilient approach to growth, sustainable development and the need to implement renewable energy are some of the action-oriented points of countries to run the world economy, and has attracted attention of pump manufacturers too, who are now relentlessly incorporating improvement in quality, service and products in their business strategy.

The global solar industry was valued at USD 50 bn in 2019 and is estimated to grow by 26% to reach USD 200 bn by 2026<sup>5</sup>.

Solar water pumping market in India is estimated to grow at CAGR of more than 27% from FY2018 to FY2024<sup>6</sup>.

Majority of the land in India is irrigated using Total for pumps is not matching - 20 million + 10 million + 3.9 million should be ~34 million pumps. are run using solar energy. These pumps have been deployed in the last 5 years and only a few states including Chhattisgarh, Rajasthan, Andhra Pradesh, Uttar Pradesh, Haryana and Bihar have implemented these solar-powered pumps for irrigation<sup>7</sup>.

Relentless efforts by the government of India have resulted in large scale implantation of solar pumps in the country. At present, the solar pumps are deployed either through the central government-led PM-KUSUM (Pradhan Mantri Kisan Urja Suraksha evam Utthaan Mahabhiyan) scheme or under some state schemes.

According to the Ministry of New and Renewable Energy, as of December 2022, a total solar capacity of 816 MW has been added through the installation of standalone solar pumps under Component B and solarisation of existing grid-connected agricultural pumps under Component C of the PM-KUSUM scheme. With the installation of about 0.47 million standalone solar pumps in the country, as of December 31, 2022, a reduction of 325 million litres per annum has been achieved in diesel consumption. It has been estimated that there is a reduction of around 0.53 million tonnes per annum in carbon dioxide emissions on account of the total solar capacity installed under the PM-KUSUM scheme.

The adoption of solar powered irrigation will not only help reduce the burden of over Rs 1 lakh crore towards electricity subsidy for agriculture but also reduce oil import bill by reducing diesel consumption by 1.38 billion litres per annum as per MNRE. Secondly, the total consumption of diesel by pumps in a year comes out to 5.52 billion litre per annum with an equivalent Co2 emissions of 15.4 million tonnes. The government, overall, through solarised irrigation aims to reduce the carbon emissions by 32 million tonnes. Furthermore, as per the report of World Irrigation Forum<sup>7</sup>, it is estimated that off-grid solarisation of pumps can help reduce transmission and distribution losses by up to 20%.

India is on a mission to reach Net Zero by 2070 and with appropriate approach, the agriculture sector could become a major contributor in meeting this objective.

### SHAKTI PUMPS (INDIA) LTD. - COMPANY OVERVIEW

Shakti Pumps (India) Ltd. has been instrumental in changing the face of the pump industry since the past four decades. The "built to best" range of innovative, technologically enabled offerings of Shakti are created with customer-centric focus, suited to commercial as well as industrial usage.

Unswerving commitment as well as consistent investments towards research and development have been the backbone of our path till now.

Starting with the manufacture of pumps, the company moved into the space of stainless-steel pump manufacturing and then more recently into solar pumps, thus making it a pioneer in manufacturing '100% Energy Efficient Stainless-Steel Submersible Solar Pumps & Motors'.

### SOLAR PUMPS

Solar pumps are a driving force behind the business. The prices of fossil fuels are sky rocketing, and farmers find irrigation through diesel pumps very expensive. This is where solar pumps play a dual role in mitigating costs for the farmers. When opting for solar pump installation, the financial burden on the farmer is limited to a mere 10% of the total cost, while the state government shoulders 60% and the Central Government covers 30%. Consequently, the irrigation expenses borne by the farmer experience a significant reduction. The implementation of solar pumps also yields advantages for the state government by diminishing the need to allocate funds for electricity infrastructure such as wires, transformers and electric poles. Additionally, this aids in alleviating the strain on the power grid. Remarkably, the investment incurred by the farmers in solar pump installation is recovered within a year.

The installation of solar pumps enables the farmer to adopt micro-irrigation, due to which the yield of the crop increases manifold, resulting in an increase in the income of the farmer.

Combining the efficiency of drip irrigation with the reliability of a solar-powered water pump will lead the way with drip-irrigation and micro irrigation. Solar-powered pumps also conserve labour. Solar-powered automation and mechanisation to agriculture will enable farmers to become self-sufficient and live an empowered life.

The state government of Haryana has also started a special campaign called 'Har Khet Ko Pani' to promote irrigation and supply adequate water to the farm. Through this scheme, the government wants to make people aware about the benefits of drip irrigation or sprinkler irrigation instead of relying on rain-fed irrigation, in which Shakti Pumps is playing a crucial role.

Solar Energy Corporation of India Limited (SECI) has sanctioned the issuance of new tenders for approximately 8.57 lakh solar pumps under the PM-Kusum scheme III, and Shakti Pumps has qualified in 21 states to provide Off Grid Solar Photovoltaic Water Pumping Systems.

SPIL had received an order from the Government of Uganda represented by the Ministry of Water and Environment for supplying a solar powered water pumping system in 2021 at a total contract price of USD 35 million funded by Indian EXIM Bank in Uganda. In FY2023, the Company received the pending USD 1 million from EXIM Bank on behalf of Government of Uganda.

SPIL had already commenced operations in Uganda under this project and it is expected to provide safe and sustainable water supply to half a million Ugandans across 20 rural districts.

## ROLE IN ELECTRIC VEHICLES – SHAKTI EV

In addition to the manufacturing of submersible pumps, the company has recently ventured into the making of controllers and motors designed for electric vehicles.

One cannot deny the hazardous effects of the transportation sector operating through fossil fuel. This heralded the arrival of electric vehicles and with their advent, rose the need for organisations to setup manufacturing plants of the ancillary parts. Shakti Pumps once again assumed responsibility, considering it as a contribution to a sustainable, greener and cleaner future. Through its wholly owned subsidiary Shakti EV Mobility Private Limited the company has been involved in the manufacturing of motors, chargers, controllers and multi-application component variable frequency drives (VFDs) for electric vehicles.

With an experience of 30 years in manufacturing electric motors and 5 years of manufacturing power electronics equipments, SPIL has gradually penetrated the newly growing market.

## INTERNATIONAL SOLAR ALLIANCE (ISA)

Shakti is also the part of **International Solar Alliance (ISA)** which consists of:

- Aggregated demand for more than 2,70,000 solar pumps across 22 countries.
- More than 1 GW of solar rooftop across 11 countries.
- More than 10 GW of solar mini-grids across 9 countries under its respective programmes.

ISA is a treaty-based intergovernmental organisation, aimed towards making solar energy available 24x7 at affordable cost to all in the 121 tropical countries. It is an action oriented,

member driven platform, where massive solar energy deployment is the focus area, ensuring energy security. The ISA is guided by its 'Towards 1000' strategy which aims to mobilise USD 1,000 Bn of investments in solar energy solutions by 2030, while delivering energy access to 1,000 Mn people using clean energy solutions and resulting in installation of 1,000 GW of solar energy capacity. This would help mitigate global solar emissions to the tune of 1,000 Mn tonnes of CO<sub>2</sub> every year.

ISA is perceived as a critical organisation working towards achieving the 2030 Sustainable Development Goals and objectives of the Paris Agreement on Climate Change.

## FINANCIAL REVIEW – Consolidated

The analysis in this section relates to the consolidated financial results of the year ended March 31, 2023.

The financial statements of the company and its joint venture are prepared as per the Indian Accounting Standards (referred to as 'Ind AS') prescribed under section 133 of the Companies Act, 2013, read with the Companies (Indian Accounting Standards) Rules, as amended from time to time.

Significant accounting policies used in the preparation of the financial statements are disclosed in the notes to the consolidated financial statements.

During FY23, the company encountered adverse business conditions like an increase in raw material cost and holding some orders of PM KUSUM - II due to lower margin) impacting both the top and bottom lines. Thus, in FY23 the total revenue of Rs. 97,093.62 lakhs is 17.9% lower than the \previous year's Rs. 1,18,467.65. Net profit decreased 62.8% to Rs. 2,413.18 lakhs from Rs. 6,481.60 earned in FY22. An analysis of revenue and expenditure is provided below.

### Revenue

(INR in lakhs)	FY23	FY22	Change%
Operating revenue	96,768.33	117,853.51	-17.9%
Other income	325.29	614.14	-47.0%
Total revenue	97,093.62	1,18,467.65	-18.0%

Segment-wise revenue is as follows:

(INR in lakhs)	FY23	FY22	Change%
Customers under Government Projects	62,320.04	81,484.21	-23.51
Industrial Customers	1589.62	1,551.96	2.44

<b>Operating revenue</b>	<b>96,768.33</b>	<b>117,853.51</b>	<b>-17.89</b>

During FY23, Other income came down by 47%. This was the result of lower Interest income as the erstwhile fixed deposits and other bank balances have been used for business purposes.

Cost of materials

(INR in lakhs)	FY23	FY22
Cost of materials consumed	74,460.52	95,445.60
Changes in inventories	(123.95)	(4,981.15)
Total materials	74,336.57	90,464.45
Operating revenue	96,768.33	117,853.51
Cost of materials / Operating revenue	76.8%	76.8%

No Significant change during the year.

Employee benefits expense

(INR in lakhs)	FY23	FY22	Change
Employee benefits	5,340.11	5,241.19	1.9%
% of Total Revenue	5.5%	4.4%	

The increase in employee costs during FY23 is because of the recruitment of new employees and annual increments for the year. Increase in the expenditure together with decreased revenue led to higher proportion of employee cost to total revenue.

Finance costs

(INR in lakhs)	FY23	FY22	Change
Finance costs	1,916.39	1,567.62	22.2%
% of Revenue	2.0%	1.3%	

Finance costs increased due to high utilisation of working capital facility.

Depreciation and Amortisation

(INR in lakhs)	FY23	FY22	Change
Depreciation and Amortisation	1,840.21	1,857.46	-0.9%
% of Revenue	1.9%	1.6%	

No significant change in the amount of depreciation and amortisation.

Other expenses

(INR in lakhs)	FY23	FY22	Change
Other expenses	10,435.61	11,102.73	-6.0%
% of Revenue	10.8%	9.4%	

The decrease in other expenses by 6.0% is mainly on account of the lower spend on selling and distribution.

## Income tax

(INR in lakhs)	FY23	FY22	Change
Income tax	811.55	1,752.60	-53.7%
Profit before tax	3,224.73	8,234.81	-26.0%
Tax as % of Profit before tax	25.2%	21.3%	

No change in the effective tax rate during the year.

## Balance sheet items (Assets)

- Increase in the gross block of PPE to Rs. 29,992.86 lakhs from Rs. 28,517.38 lakhs, after the addition of Rs. 2,362.79 lakhs and disposal of Rs. 887.31 lakhs.
- Other non-current financial assets increased to Rs. 1,081.39 lakhs from Rs. 243.79 lakhs. The increase is on account of Security Deposits and Fixed Deposit with Maturity more than 12 months.
- Receivables significantly decreased to Rs. 24,368.22 lakhs from Rs. 38,277.58 lakhs due to lower sales and close monitoring of the collection.
- Decrease in Cash and cash equivalents to Rs. 1,104.52 lakhs from 3,124.99 lakhs represents on account of fixed deposits and other bank balance have been used for business purpose.
- Bank balances decreased from Rs. 636.75 lakhs to Rs.1,335.12 lakhs due to non-renewal of fixed deposits on maturity.
- Increase in Other current assets to Rs. 7,857.50 lakhs from Rs. 6,455.72 lakhs is on account of advances to suppliers.

## Balance sheet items (Liabilities)

- The non-current borrowing decreased to Rs. 242.87 lakhs from Rs. 930.37 lakhs due to the repayment of rupee term loans and foreign currency loans.
- Decrease in current borrowings to Rs. 7,097.20 lakhs from Rs. 9,570.75 lakhs is on account of lower utilisation of working capital facilities upon receipt of substantial amount as advances from customers.
- Trade payables decreased to Rs. 12,694.87 lakhs from Rs. 28,399.18 lakhs in line with the decreased procurement of raw materials and other items for lower production.
- Other financial liabilities decreased to Rs. 3,567.20 lakhs from Rs. 5,187.01 lakhs. The decrease mainly represents the repayment of installation charges outstanding at the end of FY22.
- Other current liabilities increased to Rs. 5,604.51 lakhs from Rs. 1,538.78 lakhs. The increase represents the receipt of advances from customers.

## CDSL e-Voting System – For e-voting and Joining Virtual meetings

1. Pursuant to the provisions of the Companies Act, 2013 read with Companies (Management and Administration) Rules, 2014 (as amended) and Regulation 44 of SEBI (Listing Obligations & Disclosure Requirements) Regulations 2015 (as amended), and MCA Circulars and May 05, 2020 the Company is providing facility of remote e-voting to its Members in respect of the business to be transacted at the AGM. For this purpose, the Company has entered into an agreement with Central Depository Services (India) Limited (CDSL) for facilitating voting through electronic means, as the authorized e-Voting's agency. The facility of casting votes by a member using remote e-voting as well as the e-voting system on the date of the AGM will be provided by CDSL.
2. The Members can join the AGM in the VC/OAVM mode 15 minutes before and after the scheduled time of the commencement of the Meeting by following the procedure mentioned in the Notice. The facility of participation at the AGM through VC/OAVM will be made available to atleast 1000 members on first come first served basis. This will not include large Shareholders (Shareholders holding 2% or more shareholding), Promoters, Institutional Investors, Directors, Key Managerial Personnel, the Chairpersons of the Audit Committee, Nomination and Remuneration Committee and Stakeholders Relationship Committee, Auditors etc. who are allowed to attend the AGM without restriction on account of first come first served basis.
3. The attendance of the Members attending the AGM through VC/OAVM will be counted for the purpose of ascertaining the quorum under Section 103 of the Companies Act, 2013.
4. Pursuant to MCA Circular No. 14/2020 dated April 08, 2020, the facility to appoint proxy to attend and cast vote for the members is not available for this AGM. However, in pursuance of Section 112 and Section 113 of the Companies Act, 2013, representatives of the members such as the President of India or the Governor of a State or body corporate can attend the AGM through VC/OAVM and cast their votes through e-voting.
5. The AGM has been convened through VC/OAVM in compliance with applicable provisions of the Companies Act, 2013 read with MCA Circular No. 14/2020 dated April 8, 2020 and MCA Circular No. 17/2020 dated April 13, 2020 and MCA Circular No. 20/2020 dated May 05, 2020.
6. In continuation of this Ministry's General Circular No. 20/2020, dated 05<sup>th</sup> May, 2020 and after due examination, it has been decided to allow companies whose AGMs were due to be held in the year 2023, or become due in the year 2023, to conduct their AGMs on or before 30.09.2023 in accordance with the requirements provided in paragraphs 3 and 4 of the General Circular No. 20/2020 as per MCA circular no. 10/2022 dated December 28, 2022.

## THE INTRUCTIONS OF SHAREHOLDERS FOR E-VOTING AND JOINING VIRTUAL MEETINGS ARE AS UNDER:-

**Step 1** : Access through Depositories CDSL/NSDL e-Voting system in case of individual shareholders holding shares in demat mode.

**Step 2** : Access through CDSL e-Voting system in case of shareholders holding shares in physical mode and non-individual shareholders in demat mode.

- (i) The voting period begins on Sunday, September 24, 2023 and 9:00 A.M. and ends on Wednesday, September 27, 2023 and 5:00 P.M. During this period shareholders' of the Company, holding shares either in physical form or in dematerialized form, as on the cut-off date September 21, 2023 may cast their vote electronically. The e-voting module shall be disabled by CDSL for voting thereafter.
- (ii) Shareholders who have already voted prior to the meeting date would not be entitled to vote at the meeting venue.
- (iii) Pursuant to SEBI Circular No. **SEBI/HO/CFD/CMD/CIR/P/2020/242 dated 09.12.2020**, under Regulation 44 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, listed entities are required to provide remote e-voting facility to its shareholders, in respect of all shareholders' resolutions. However, it has been observed that the participation by the public non-institutional shareholders/retail shareholders is at a negligible level.

Currently, there are multiple e-voting service providers (ESPs) providing e-voting facility to listed entities in India. This necessitates registration on various ESPs and maintenance of multiple user IDs and passwords by the shareholders.

In order to increase the efficiency of the voting process, pursuant to a public consultation, it has been decided to enable e-voting to **all the demat account holders, by way of a single login credential, through their demat accounts/ websites of Depositories/ Depository Participants**. Demat account holders would be able to cast their vote without having to register again with the ESPs, thereby, not only facilitating seamless authentication but also enhancing ease and convenience of participating in e-voting process.

**Step 1** : Access through Depositories CDSL/NSDL e-Voting system in case of individual shareholders holding shares in demat mode.

- (iv) In terms of **SEBI circular no. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated December 9, 2020** on e-Voting facility provided by Listed Companies, Individual shareholders holding securities in demat mode are allowed to vote through their demat account maintained with Depositories and Depository Participants. Shareholders are advised to update their mobile number and email Id in their demat accounts in order to access e-Voting facility.

Pursuant to above said SEBI Circular, Login method for e-Voting and joining virtual meetings for **Individual shareholders holding securities in Demat mode CDSL/NSDL** is given below:

### DETAILED EXPLANATION OF RATIOS

#### (i) Return on Net Worth

Return on Net worth (RONW) is a measure of profitability of a Company expressed in percentage. It is calculated by dividing total comprehensive income for the year by average capital employed during the year.

#### (ii) Return on Capital Employed

Return on Capital Employed (ROCE) is a financial ratio that measures a Company's profitability and the efficiency with which its capital is used. In other words, the ratio measures how well a Company is generating profits from its capital. It is calculated by dividing profit before exceptional items and tax by average capital employed during the year.

#### (iii) Basic EPS

Earnings Per Share (EPS) is the portion of a Company's profit allocated to each share. It serves as an indicator of a Company's profitability. It is calculated by dividing Profit for the year by Weighted average number of shares outstanding during the year.

#### (iv) Debtors Turnover

The above ratio is used to quantify a Company's effectiveness in collecting its receivables or money owed by customers. The ratio shows how well a Company uses and manages the credit it extends to customers and how quickly that short-term debt is collected or is paid. It is calculated by dividing turnover by average trade receivables.

#### (v) Inventory Turnover

Inventory Turnover is the number of times a Company sells and replaces its inventory during a period. It is calculated by dividing turnover by average inventory.

#### (vi) Interest Coverage Ratio

The Interest Coverage Ratio measures how many times a Company can cover its current interest payment with its available earnings. It is calculated by dividing PBIT by finance cost.

#### (vii) Current Ratio

The Current Ratio is a liquidity ratio that measures a Company's ability to pay short-term obligations or those due within one year. It is calculated by dividing the current assets by current liabilities.

#### (viii) Debt Equity Ratio

The ratio is used to evaluate a Company's financial leverage. It is a measure of the degree to which a Company is financing its operations through debt versus wholly owned funds. It is calculated by dividing a Company's total liabilities by its shareholder's equity.

#### (ix) Operating Profit Margin (%)

Operating Profit Margin is profitability or performance ratio used to calculate the percentage of profit a Company produces from its operations. It is calculated by dividing the EBIT by turnover.

#### (x) Net Profit Margin (%)

The net profit margin is equal to how much net income or profit is generated as a percentage of revenue. It is calculated by dividing the profit for the year by turnover.

## CONSERVATION OF ENERGY, TECHNOLOGY ABSORPTION AND FOREIGN EXCHANGE EARNINGS AND OUTGO

[Section 134 (3) (m) of the Companies Act, 2013 read with Rule 8(3) of the Companies (Accounts) Rules, 2014]

S.No.	Particulars	
<b>Conservation of Energy:-</b>		
1	the steps taken or impact on conservation of energy;	<p>Being an energy efficient product manufacturer we make energy efficient stainless steel pumps motors and power electronic products. We offer energy efficient pumping systems for agriculture and offers energy savings over 40% compared to conventional pumping system.</p> <p>Our all the newly developed product is having utmost care in terms of energy efficiency, every single watt of energy we save at the product end, it helps to create big difference at the power generation end.</p> <p>Also, we are keen in educating our employees, stakeholders and all interested parties to educate on energy conservations and energy efficiency.</p>
2	the steps taken by the Company for utilizing alternate sources of energy;	<p>The company is constantly adopting solar as alternative source of energy and promoting solar pumps and grid interactive inverters across globe and company made solar business as key focus area of business. This solar power could transform our agricultural landscape and improve quality of life in rural and urban India ensuring energy security to the poor and marginalizes. This would immensely help climate change mitigation efforts by in line with global. The company is also working towards the solar chulha and home lighting systems to improve the quality of rural personals.</p> <p>Our admin building is fully run on solar energy as we have installed in-house 150kW solar roof top and solar parking.</p>
3	the capital investment on energy conservation equipments.	<p>We have invested heavily on R&amp;D and other renewable energy applications and equipments such as solar simulators and state of the art facility for solar pumps and inverter development and testing setups, power quality measurement equipments, load banks, grid simulators etc.</p> <p>We have added few other R&amp;D infrastructures to support our interest in energy conservation and energy efficiency.</p>
<b>Technology absorption: -</b>		
(i)	the efforts made towards technology absorption	<p>We have indigenously developed solar pumping technology and associated products to make solar pumping successful. For solar pumping not only solar panel but other key element like energy efficient motors, pumps, power converter and structure to harness maximum of solar energy. This made us capable to offering end-to-end solar pumping solutions in agriculture, commercial and domestic applications that has potential to impact the energy scenario in India.</p> <p>Recently we have developed technology to harvest solar energy not only to grid but also utilize the same in other house hold or agriculture needs.</p> <p>The extensive R&amp;D in the field of solar pumping helps us to develop above said products and R&amp;D resulted in filing several patents in this area.</p> <p>We are working towards indigenous development of VFD's, Grid-tie Inverters for single phase and three-phase for supporting domestic and export market.</p> <p>We have also collaborated with IIT Delhi, IISc Bangalore and other premium institutes for research and development in motor pumps and power converter technology.</p>

S.No.	Particulars	
(ii)	the benefits derived like product improvement, cost reduction, product development or import substitution	<p>Solar water pumping systems developed by us has great potential to bring transformational changes in agriculture, reduction in irrigation cost and effective use of water. Our newly developed solar drives are best substitutes against import of drives from China.</p> <p>Also, the grid tie inverters developed by us are feeding power to the grid has immense potential to reduce the energy cost along with its clean solution</p> <p>Our all the power electronic based products are having very high impact on import as earlier most of the products were imported from China</p>
(iii)	in case of imported technology (imported during the last three years reckoned from the beginning of the financial year	Yes
	(a) the details of technology imported	Power converters for converting solar energy into useful form
	(b) the year of import	2013 - 2017
	(c) whether the technology been fully absorbed	Yes
	(d) if not fully absorbed, areas where absorption has not taken place, and the reasons thereof; and	-
iv.	The expenditure incurred on Research and Development	₹ 3.64 Cr.
<b>Foreign Exchange earnings and outgo</b>		
i)	<b>Foreign Exchange Earned</b>	₹ 3,01,57,58,015.18
ii)	<b>Foreign Exchange Outgo</b>	₹ 56,00,49,911.62

24. Overview of the entity's material responsible business conduct issues

Indicate material responsible business conduct and sustainability issues pertaining to environmental and social matters that present a risk or an opportunity to your business, the rationale for identifying the same, approach to adapt or mitigate the risk along with its financial implications, as per the following format:-

SL No	Material Issue Identified	Risk / Opportunity	Rational for identifying risk or opportunity	In case of risk approach to adapt or mitigate	Financial implication of risk or opportunity
1	Environmental Impact	Risk	Shakti Pumps' products rely on energy-intensive manufacturing processes. Regulatory changes favouring sustainable practices could lead to increased compliance costs and reduced market access.	Implement energy-efficient manufacturing technologies and processes. Invest in renewable energy sources for operations.	Initial investment in eco-friendly technologies might be high, but long-term operational cost savings and improved market reputation can offset this.
2	Water Scarcity	Risk	Water is a key resource for pump manufacturing and agriculture. Water scarcity due to climate change could disrupt production and agricultural activities, affecting demand for products.	Enhance water management practices within manufacturing facilities. Promote water-efficient farming techniques among customers.	Increased investment in water-saving technologies might be needed. Reduced demand from agricultural customers could impact revenue.
3	Social Responsibility	Opportunity	Farmers are a significant customer group. Supporting them with training on sustainable farming practices can lead to improved product adoption and loyalty.	Develop educational programs and resources for farmers. Collaborate with agricultural institutions for training initiatives.	Initial investment in educational programs. However, improved product adoption and customer loyalty can drive long-term revenue growth.
4	Renewable Energy Adoption	Opportunity	Shakti Pumps specializes in solar water pumps. Increasing awareness and adoption of renewable energy sources provide a growing market for solar pumps.	Expand marketing efforts to highlight the benefits of solar pumps. Collaborate with government initiatives promoting renewable energy.	Potential for increased sales and market share in the growing renewable energy sec
5	Supply Chain Sustainability	Risk	Raw materials are crucial for manufacturing. Disruptions due to poor supplier practices or lack of sustainability measures could impact production and reputation.	Implement supplier screening and engagement for sustainability standards. Diversify supplier base to reduce dependency.	Investment in supplier management systems and potential costs of transitioning to new suppliers. Reduced supply chain disruptions and improved reputation over time.

# Independent Auditors' Report

To the Members of

**SHAKTI PUMPS (INDIA) LIMITED**

## Report on the Audit of the Standalone Financial Statements

### OPINION

We have audited the accompanying Standalone Financial Statements of Shakti Pumps (India) Limited ("the Company"), which comprise the Balance sheet as at March 31, 2023, the Statement of Profit and Loss, including the statement of Other Comprehensive Income, the Cash Flow Statement and the Statement of Changes in Equity for the year then ended, and notes to the Standalone Financial Statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Standalone Financial Statements give the information required by the Companies Act, 2013, as amended ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2023, its profit including other comprehensive income, its cash flows and the changes in equity for the year ended on that date.

### BASIS FOR OPINION

We conducted our audit of the Standalone Financial Statements in accordance with the Standards on Auditing (SAs), as specified under Section 143(10) of the Act. Our responsibilities under those Standards are further described in the 'Auditors' Responsibilities for the Audit of the Standalone Financial Statements' section of our report. We are independent of the Company in accordance with the 'Code of Ethics' issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Standalone Financial Statements.

### KEY AUDIT MATTERS

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Sr.No.	Key Audit Matter	Auditor's Response
1	<p><b>Evaluation of uncertain tax positions</b></p> <p>The Company has material uncertain tax positions including matters under dispute which involves significant judgment to determine the possible outcome of these disputes.</p> <p>Refer Notes 31 to the Standalone Financial Statements</p>	<p><b><u>Principal Audit Procedures</u></b></p> <p>Obtained details of completed tax assessments and demands for the year ended March 31, 2023 from management. We involved our internal experts to challenge the management's underlying assumptions in estimating the tax provision and the possible outcome of the disputes. Our internal experts also considered legal precedence and other rulings in evaluating management's position on these uncertain tax positions. Additionally, we considered the effect of new information in respect of uncertain tax positions as at April 1, 2022 to evaluate whether any change was required to management's position on these uncertainties.</p>

### INFORMATION OTHER THAN THE FINANCIAL STATEMENTS AND AUDITORS' REPORT THEREON

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to that Board's Report, Corporate Governance and Shareholder's Information, but does not include the Standalone Financial Statements, consolidated financial statement and our auditor's report thereon.

Our opinion on the Standalone Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Standalone Financial Statements, our responsibility is to read the other information and, in doing so, consider whether such other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

## RESPONSIBILITIES OF MANAGEMENT AND THOSE CHARGED WITH GOVERNANCE FOR THE STANDALONE FINANCIAL STATEMENTS

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, total comprehensive income, changes in equity and cash flows of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are responsible for overseeing the Company's financial reporting process.

### Auditor's Responsibility

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that individually or in aggregate makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work and (ii) to evaluate the effect of an identified misstatements in the standalone financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

## Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, we report that:

- a) we have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit;
- b) in our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
- c) The Balance Sheet, the Statement of Profit and Loss (including other comprehensive income), the Cash Flow Statement and Statement of Changes in Equity dealt with by this Report are in agreement with the books of account;
- d) in our opinion, the aforesaid standalone financial statements comply with the Indian Accounting Standards prescribed under Section 133 of the Act; read with Companies (Indian Accounting Standards) Rules, 2015, as amended;

## Annexure- A to the Independent Auditors' Report

The Annexure A referred to in our Report of even date to the Members of Shakti Pumps (India) Limited ("the Company") on the financial statements for the year ended 31 March 2023.

### Report on the Internal Financial Controls under Clause (i) of sub-section 3 of Section 143 of the Companies Act, 2013 ('the Act')

We have audited the internal financial controls over financial reporting of Shakti Pumps (India) Limited ('the Company') as of 31 March 2023 in conjunction with our audit of the Ind AS financial statements of the Company for the year ended on that date.

### Management's Responsibility for Internal Financial Controls

The Board of Directors of the Company is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

### Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the 'Guidance Note') and the Standards on Auditing, issued by ICAI and deemed to be prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of

internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

### Meaning of Internal Financial Controls Over Financial Reporting

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Ind AS financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting includes those policies and procedures that:

- 1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company;
- 2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Ind AS financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of Management and directors of the Company; and
- 3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the Ind AS financial statements.

### Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

## **Annexure- A to the Independent Auditors' Report on the Ind AS Financial Statements (continued)**

### **Opinion**

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2023, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI.

## Annexure- B to the Independent Auditors' Report on the Ind AS Financial Statements

The Annexure-B referred to in the Independent Auditors' Report of even date to the Members of Shakti Pumps (India) Limited ('the Company') on the financial statements for the year ended 31 March 2023, we report that:

- I. In respect of the Company's Property, Plant and Equipment and Intangible Assets:
  - a) (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of property, plant and equipment and capital work-in-progress.
  - (B) The Company has maintained proper records showing full particulars of intangible assets.
  - b) The company has a programme of physical verification of its Property, Plant and Equipment, so to cover all the items once every 3 years which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. Pursuant to the program Property, Plant and Equipment which were due for verification during the year were physically verified by the management during the year. According to the information and explanation given to us, no material discrepancies were noticed on such verification.
  - c) Based on our examination of the registered sale deed / transfer deed / conveyance deed provided to us, we report that, the title deeds of all the immovable properties, (other than immovable properties where the Company is the lessee and the lease agreements are duly executed in favour of the Company) disclosed in the financial statements included in property, plant and equipment are held in the name of the Company as at the balance sheet date.
  - d) The Company has not revalued any of its property, plant and equipment and intangible assets during the year.
  - e) No proceedings have been initiated during the year or are pending against the Company as at 31st March 2023 for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (as amended in 2016) and rules made thereunder.
- II. (a) The physical verification of inventory except goods-in-transit has been verified by the management during the year. The discrepancies noticed on verification between the physical stocks and the books records were not material and have been properly dealt in the books of account.
- (b) According to the information and explanations given to us, the Company has been sanctioned working capital limits in excess of Rs. 5 crores, in aggregate, at points of time during the year, from banks or financial institutions on the basis of security of current assets. In our opinion and according to the information and explanations given to us, the quarterly statements comprising stock details and other stipulated financial information filed by the Company with such banks or financial institutions are in agreement with the unaudited books of account of the Company of the respective quarter and no material discrepancies have been observed.
- III. a) The Company has not provided loans during the year.
 

According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not made any investments, provided guarantee or security, or granted any loans or advances in the nature of loans, secured or unsecured, to companies, firms, limited liability partnerships or any other parties during the year. Accordingly, provisions of clauses 3(iii)(a) to 3(iii) (d) & (f) of the Order are not applicable to the Company. However, loans granted to and investment made in the wholly owned subsidiary has been fully provided for in earlier years.
- e) No loan granted by the Company which has fallen due during the year, has been renewed or extended or fresh loans granted to settle the overdue of existing loans given to the same parties.
- IV. The Company has complied with the provisions of Sections 185 and 186 of the Companies Act, 2013 in respect of loans granted, investments made and guarantees and securities provided, as applicable
- V. The Company has not accepted any deposits or amounts which are deemed to be deposits. Hence reporting under clause 3(v) of the order is not applicable.
- VI. We have broadly reviewed the books of accounts maintained by the Company pursuant to the rules prescribed by the Central Government for the maintenance of cost records under Section 148(1) of the Act and are of the opinion that prima facie, the prescribed accounts and records have been made and maintained. However, we have not made a detailed examination of the cost records with a view to determine whether they are accurate or complete.
- VII. In respect of statutory dues:
  - a) In our opinion, the company has been generally regular in depositing undisputed statutory dues, including Goods and Service tax, Provident Fund, Employees' State Insurance, Income Tax, Duty of Custom, Cess and other material statutory dues applicable to it with the appropriate authorities.

There were no undisputed amounts payable in respect of Goods and Service tax, Provident Fund, Employees' State Insurance, Income Tax, Duty of Custom, Cess and other material statutory dues in arrears as of March 31, 2023 for a period of more than six months from the date they became payable:

- b) Details of statutory dues referred to above which have not been deposited as on March 31, 2023 on account of disputes are given below:

VIII. There were no transactions relating to previously unrecorded income that have been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961;

- IX. a) The Company has not defaulted in repayment of loans or other borrowings or in the payment of interest thereon to any lender during the year,  
b) The company is not a declared wilful defaulter by any bank or financial institution or other lender,  
c) The Company has not taken any term loan during the year and there are no unutilised term loans at the beginning of the year and hence, reporting under clause (IX)(c) of the Order is not applicable.  
d) On an overall examination of the financial statements of the Company, funds raised on short-term basis have, prima facie, not been used during the year for long-term purposes by the Company.  
e) The company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiaries.  
f) The Company has not raised loans during the year on the pledge of securities held in its subsidiaries.

X. a) No moneys were raised by way of initial public offer or further public offer (including debt instruments) during the year hence reporting under this clause is not applicable to Company;

- b) The company has not made any preferential allotment or private placement of shares or convertible debentures (fully, partially, or operationally convertible) during the year.

XI. (a) No fraud by the Company and no material fraud on the company has been noticed or reported during the year.

- (b) No report under sub-section (12) of section 143 of the Companies Act has been filed by the auditors in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government, during the year and upto the date of this report;

- (c) As represented to us by the management, there are no whistle blower complaints received by the company during the year.

XII. The Company is not a Nidhi Company and hence reporting under clause (xiii) of the Order is not applicable.

- XIII. The Company is in compliance with Section 177 and 188 of the Companies Act, 2013 with respect to applicable transactions with the related parties.
- XIV. (a) In our opinion, the company has an adequate internal audit system commensurate with the size and nature of its business;
- (b) We have considered report of the internal auditors for the period under audit; issued to the company during the year and till date, in determining the nature, timing and extent of our audit procedures.
- XV. The Company has not entered into non-cash transactions with the directors or persons connected with its directors. Hence, the provisions of Section 192 of the Act are not applicable;
- XVI. (a) The Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934. Hence, reporting under clause 3 (xvi) (a), (b) and (c) of the Order is not applicable.
- (b) In our opinion, there is no core investment company within the Group (as defined in the Core Investment Companies (Reserve Bank) Directions, 2016) and accordingly reporting under clause 3 (xvi) (d) of the Order is not applicable.
- XVII. The company has not incurred cash losses in the financial year and in the immediately preceding financial year;
- XVIII. There has been no resignation of the statutory auditors of the Company during the year;
- XX. On the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, other information accompanying the financial statements, knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report indicating that company is not capable of meeting

its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date; We, however, state that this is not an assurance as to the future viability of the company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the company as and when they fall due.

- XXI. (a) The Company has fully spent the required amount towards Corporate Social Responsibility (CSR) on other than ongoing projects and there are no unspent CSR amount for the year requiring a transfer to a Fund specified in Schedule VII to the Companies Act in compliance with the provision of sub-section (5) of section 135 of the said Act. Accordingly, reporting under clause (xx)(a) of the Order is not applicable for the year.
- (b) The Company do not have any ongoing project in respect to Corporate Social Responsibility (CSR), so clause XX(b) is not applicable.

# Notes to the Standalone Financial Statements

## for the year ended March 31, 2023

### 1. Corporate Information:

Shakti Pumps India Limited ("SPIL" or "the Company") is a public limited company domiciled in India and incorporated under the provisions of the Indian Companies Act. SPIL is engaged in manufacturing of Pumps, Motors & their spare parts. The core products of the Company are Engineered Pumps, Industrial Pumps, and Solar Pumps etc.

### 2. Basis of preparation of financial statements and significant accounting policies:

#### 2.1 Basis of Preparation

The financial statements have been prepared in accordance with Indian Accounting Standards (Ind AS) as prescribed under Section 133 of the Companies Act, 2013 read with Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) (Amendment) Rules, 2016 and relevant provisions of the Companies Act, 2013.

#### 2.2 Basis of Measurement

These financial statements have been prepared in Indian Rupee which is the functional currency of the Company. These financial statements have been prepared on historical cost basis, except for certain financial instruments which are measured at fair value or amortised cost at the end of each reporting period, as explained in the accounting policies below.

The statement of cash flows has been prepared under indirect method.

#### 2.3 Use of judgments, estimates and assumptions

The preparation of these financial statements requires management judgments, estimates and assumptions that affect the application of accounting policies, the accounting disclosures made and the reported amounts of assets, liabilities, income and expenses.

Estimates and underlying assumptions are reviewed on a periodic basis. Revisions to accounting estimates are made in the period, in which, the estimates are revised and in any future periods, effected pursuant to such revision.

#### 2.4 Property, plant and equipment

##### Measurement

Freehold land is carried at historical cost. All other items of property, plant and equipment are measured at cost of acquisition or construction less accumulated depreciation and accumulated impairment loss, if any.

The cost of an item of property, plant and equipment

comprises its purchase price, including import duties and other non-refundable taxes or levies and any directly attributable cost of bringing the asset to its working condition for its intended use; any discounts and rebates are deducted in arriving at the purchase price.

Borrowing costs directly attributable to the construction or acquisition of a qualifying asset up to completion or acquisition are capitalized as part of the cost. The present value of the expected cost for the decommissioning of an asset after its use is included in the cost of the respective asset if the recognition criteria for a provision are met.

When parts of an item of property, plant and equipment have different useful lives, they are accounted for as separate items (major components) of property, plant and equipment.

Property, plant and equipment under construction are disclosed as capital work-in-progress. Advances paid towards the acquisition of property, plant and equipment outstanding at each reporting date are disclosed under "Other non-current assets".

##### Subsequent costs

The cost of replacing a part of an item of property, plant and equipment is recognised in the carrying amount of the item if it is probable that the future economic benefits embodied within the part will flow to the Company and its cost can be measured reliably. The carrying amount of the replaced part is derecognised. The costs of the day-to-day servicing of property, plant and equipment are recognised in the statement of profit and loss as incurred.

##### Disposal

An item of property, plant and equipment is derecognised upon disposal or when no future benefits are expected from its use or disposal. Gains and losses on disposal of an item of property, plant and equipment are determined by comparing the proceeds from disposal with the carrying amount of property, plant and equipment, and are recognised net within other income/expenses in the statement of profit and loss.

##### Depreciation

Depreciation is calculated over the depreciable amount, which is the cost of an asset, or other amount substituted for cost, less its residual value. Depreciation is recognised in the statement of profit and loss on a straight-line basis over the estimated useful lives of each part of an item of property, plant and equipment as prescribed in Schedule II of the Companies Act 2013 except in the cases mentioned below where the management based on the technical evaluation have estimated the life to be lower than the life prescribed in schedule II.

Depreciation is not recorded on capital work-in-progress until construction and installation are complete and the asset is ready for its intended use.

## 2.5 Intangible assets

### Recognition and measurement

Intangible assets are recognised when the asset is identifiable, is within the control of the Company, it is probable that the future economic benefits that are attributable to the asset will flow to the Company and cost of the asset can be reliably measured.

Intangible assets acquired by the Company that have finite useful lives are measured at cost less accumulated amortisation and accumulated impairment losses (if any).

### Subsequent measurement

Subsequent expenditure is capitalised only when it increases the future economic benefits embodied in the specific asset to which it relates.

### Amortisation

Amortisation is calculated over the cost of the asset, or other amount substituted for cost, less its residual value. Amortisation is recognised in statement of profit and loss on a straight-line basis over the estimated useful lives of intangible assets from the date that they are available for use, since this most closely reflects the expected pattern of consumption of the future economic benefits embodied in the asset.

Amortisation is not recorded on intangible assets under development until development is complete and the asset is ready for its intended use.

**The intangible asset are amortised over the estimated useful lives as given below: -**

- Computer Software : 15 years

## 2.6 Inventories

Inventories are valued at lower of cost and net realisable value. The cost is computed on weighted average basis. Inventories of Finished Goods and Work-In-Progress include cost of conversion and other costs incurred in bringing the inventories to their present location and condition.

## 2.7 Research and Development Expenditure

Revenue expenditure on research & development is charged to the Statement of Profit and Loss of the year in which it is incurred.

Capital expenditure incurred during the period on research & development is accounted for as an addition to property, plant & equipment.

## 2.8 Foreign currencies transactions

### Transactions and balances

Transactions in foreign currency are recorded at exchange rates prevailing at the date of transactions. Exchange

differences arising on foreign exchange transactions settled during the year are recognised in the statement of profit and loss.

Monetary assets and liabilities denominated in foreign currencies which are outstanding, as at the reporting period are translated at the closing exchange rates and the resultant exchange differences are recognised in the statement of profit and loss.

Non-monetary assets and liabilities denominated in foreign currencies that are measured in terms of historical cost are translated using the exchange rate at the date of the transaction.

## 2.9 Borrowing costs

Borrowing costs are interest and other costs that an entity incurs in connection with the borrowing of funds.

Borrowing costs directly attributable to the acquisition, construction or production of a qualifying asset are capitalized in the cost of that asset. Qualifying assets are those assets which necessarily takes a substantial period of time to get ready for its intended use. All other borrowing costs are recognised in the year in which they are incurred.

## 2.10 Current and Non-Current Classification

All assets and liabilities are classified into current and non-current.

### Assets

An asset is classified as current when it satisfies any of the following criteria:

- It is expected to be realised in or is intended for sale or consumption in the Company's normal operating cycle;
- It is held primarily for the purpose of being traded;
- It is expected to be realised within 12 months after the reporting date; or
- It is cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least 12 months after the reporting date.

Current assets include the current portion of non-current financial assets. All other assets are classified as non-current.

### Liabilities

A liability is classified as current when it satisfies any of the following criteria:

- It is expected to be settled in the Company's normal operating cycle;
- It is held primarily for the purpose of being traded;
- It is due to be settled within 12 months after the reporting date; or
- The company does not have an unconditional right to defer settlement of the liability for at least 12

months after the reporting date. Terms of a liability that could, at the option of the counterparty, result in its settlement by the issue of equity instruments do not affect its classification.

Current liabilities include current portion of non-current financial liabilities. All other liabilities are classified as non-current.

Operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents.

## 2.11 Investment

Current investments are carried at lower of cost and fair value. Non-current investments are stated at cost. Provision for diminution in the value of long term investment is made only if such a decline is other than temporary.

## 2.12 Employee benefits

### Short-term employee benefits

All employee benefits payable wholly within twelve months of rendering the services are classified as short term employee benefits. Benefits such as salaries, wages, expected cost of bonus and short term compensated absences, leave travel allowance etc. are recognised in the period in which the employee renders the related service.

### Defined Benefit Plans

The Company operates a gratuity plan covering qualifying employees. The benefit payable is the greater of the amount calculated as per the payment of Gratuity Act or the Company scheme applicable to the employee. The benefit vests upon completion of five years of continuous service and once vested it is payable to employees on retirement or on termination of employment. In case of death while in service, the gratuity is payable irrespective of vesting. The Company makes annual contribution to the group gratuity scheme administered by the Life Insurance Corporation of India through its Gratuity Trust Fund.

### Defined contribution plans

Company's contribution to Provident Fund, ESIC scheme for the year is charged to Profit and Loss account. Retirement benefit, medical reimbursement and leave payments to employees are recognised as employee benefit expense when they are due.

## 2.13 Lease

The Company, as a lessee, recognises a right-of-use asset and a lease liability for its leasing arrangements, if the contract conveys the right to control the use of an identified asset.

The contract conveys the right to control the use of an identified asset, if it involves the use of an identified asset and the Company has substantially all of the economic benefits from use of the asset and has right

to direct the use of the identified asset. The cost of the right-of-use asset shall comprise of the amount of the initial measurement of the lease liability adjusted for any lease payments made at or before the commencement date plus any initial direct costs incurred. The right-of-use assets is subsequently measured at cost less any accumulated depreciation, accumulated impairment losses, if any and adjusted for any remeasurement of the lease liability. The right-of-use assets is depreciated using the straight-line method from the commencement date over the shorter of lease term or useful life of right-of-use asset.

The Company measures the lease liability at the present value of the lease payments that are not paid at the commencement date of the lease. The lease payments are discounted using the interest rate implicit in the lease if that rate can be readily determined. If that rate cannot be readily determined, the Company uses incremental borrowing rate.

For short-term and low value leases, the Company recognises the lease payments as an operating expense on a straight-line basis over the lease term.

## 2.14 Income tax

Income tax expense comprises current tax and deferred tax. Income tax expenses are recognised in statement of profit or loss except to the extent that it relates to items recognized in other comprehensive income (OCI).

### Current tax

Current tax is the tax payable or receivable on the taxable income or loss for the year and any adjustment to the tax payable or receivable in respect of the previous year. It is measured using tax rates (and tax laws) enacted or substantially enacted by the reporting date.

Current tax assets/liabilities are offset only if there is a legally enforceable right to set off the recognised amounts, and it is intended to realise the asset and settle the liability on a net basis.

### Deferred tax

Deferred tax is recognised in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the corresponding amounts used for taxation purposes.

Deferred tax assets (if any) are recognised only to the extent that it is probable that future taxable profits will be available against which they can be used. Deferred tax assets/liabilities are reviewed at each balance sheet date and are recognised/ reduced to the extent that it is probable / no longer probable respectively that the related tax benefit will be realised.

Deferred tax is measured at the tax rates that are expected to apply to the period when the asset is realised or the liability is settled, based on the laws that have been enacted or substantively enacted by the reporting date.

## 2.15 Provisions

A Provision is recognised when the Company has a present obligation (legal or constructive) as a result of a past event and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

## 2.16 Financial Instruments:

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

### (a) Financial assets

Financial assets include cash and cash equivalents, trade and other receivables, investments in securities and other eligible current and non-current assets.

At initial recognition, all financial assets are measured at fair value. Such financial assets are subsequently classified under one of the following three categories according to the purpose for which they are held. The classification is reviewed at the end of each reporting period.

- **Financial assets at amortised cost:** At the date of initial recognition, are held to collect contractual cash flows of principal and interest on principal amount outstanding on specified dates. These financial assets are intended to be held until maturity. Therefore, they are subsequently measured at amortised cost by applying the Effective Interest Rate (EIR) method to the gross carrying amount of the financial asset. The EIR amortisation is included as interest income in the profit or loss. The losses arising from impairment are recognised in the profit or loss.
- **Financial assets at fair value through other comprehensive income:** At the date of initial recognition, are held to collect contractual cash flows of principal and interest on principal amount outstanding on specified dates, as well as held for selling. Therefore, they are subsequently measured at each reporting date at fair value, with all fair value movements recognised in Other Comprehensive Income (OCI). Interest income calculated using the Effective Interest Rate (EIR) method, impairment gain or loss and foreign exchange gain or loss are recognised in the Statement of Profit and Loss. On derecognition of the asset, cumulative gain or loss previously recognised in Other Comprehensive Income is reclassified from the OCI to Statement of Profit and Loss.
- **Financial assets at fair value through profit or loss:** At the date of initial recognition, financial assets are held for trading, or which

are measured neither at Amortised Cost nor at Fair Value through OCI. Therefore, they are subsequently measured at each reporting date at fair value, with all fair value movements recognised in the Statement of Profit and Loss.

Investment in Equity shares of subsidiaries and associates are valued at cost.

The Company derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire or it transfers the financial asset and the transfer qualifies for derecognition under Ind AS 109.

The company assesses impairment based on the expected credit losses (ECL) model to all its financial assets measured at amortised cost.

### (b) Financial liabilities

Financial liabilities include long-term and short-term loans and borrowings, trade and other payables and other eligible current and non-current liabilities.

All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and other payables, net of directly attributable transaction costs. After initial recognition, financial liabilities are classified under one of the following two categories:

- **Financial liabilities at amortised cost:** After initial recognition, such financial liabilities are subsequently measured at amortised cost by applying the Effective Interest Rate (EIR) method to the gross carrying amount of the financial liability. The EIR amortisation is included in finance expense in the profit or loss.
- **Financial liabilities at fair value through profit or loss:** which are designated as such on initial recognition, or which are held for trading. Fair value gains / losses attributable to changes in own credit risk is recognised in OCI. These gains / losses are not subsequently transferred to Statement of Profit and Loss. All other changes in fair value of such liabilities are recognised in the Statement of Profit and Loss.

The Company derecognises a financial liability when the obligation specified in the contract is discharged, cancelled or expires.

## 2.17 Revenue Recognition

The Company derives revenues primarily from business of Sales of pumps and motors.

As per Ind AS 115 revenue is recognised upon transfer of control of promised products or services to customers in an amount that reflects the consideration which the Company expects to receive in exchange for those products or services. Revenue is measured based on the

transaction price, which is the consideration, adjusted net of returns, allowances, trade discounts and volume discounts and GST etc.

Dividend and interest income is recorded when the right to receive payment is established.

### **2.18 Earnings per share**

Basic earnings per share are computed by dividing profit or loss attributable to equity shareholders of the Company by the weighted average number of equity shares outstanding during the period. The Company did not have any potentially dilutive securities in any of the periods presented.

### **2.19 Segment Reporting**

SPIL is mainly engaged in the business of manufacturing of various types of Pumps & Motors. Operating segments are reporting in a manner consistent with the internal reporting to the Chief Operating Decision Maker (CODM).

The Board of Directors of the group assesses the financial performance and position of the group and makes strategic decisions. The Board of Directors which are identified as a CODM, consist of CMD, CFO & all other executive Directors.

Considering the nature of business & financial reporting of SPIL, the Company has only one segment as reportable segment. The Company operates in Local & Export Segments Geographically. The sales for both are separately given, but due to the nature of business the assets/liabilities and expenses for these activities cannot be bifurcated separately

### **2.20 Cash and Cash Equivalents**

Cash and cash equivalents in the balance sheet comprise cash at banks, cash on hand and highly liquid short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

### 35 Employee Benefit Obligations

#### 35.1 Defined Contribution Plan :

The Company makes contribution to statutory provident fund as per Employees Provident Fund and Miscellaneous Provisions Act, 1952. This is a defined contribution plan as per IND-AS 19.

	(₹ In Lacs)	
Particulars	2022-23	2021-22

Employers Contribution to ESIC	1.06	2.99
<b>Total</b>	<b>128.06</b>	<b>131.55</b>

#### 35.2 Defined Benefit Plan for Gratuity & for Leave Encashment :

- (i) Actuarial gains and losses in respect of defined benefit plans are recognised in the Financial statements through other comprehensive income.
- (ii) Through its defined benefit plans the Company is exposed to a number of risks, the most significant of which are detailed below:

##### a) Asset Volatility :

- (i) The plan liabilities are calculated using a discount rate; if plan assets under perform compared to the discount rate, this will create or increase a deficit.
- (ii) As the plans mature, the Company intends to reduce the level of investment risk by investing more in assets that better match the liabilities.

##### b) Life Expectancy :

The majority of the plan's obligations are to provide benefits for the service life of the member, so increases in service life expectancy will result in an increase in the plan's liabilities. This is particularly significant in the Company's defined benefit plans, where inflationary increases result in higher sensitivity to changes in service life expectancy.

<b>Total</b>	<b>23,098.89</b>	<b>43,249.23</b>	<b>23,098.89</b>	<b>43,249.23</b>

**The following methods and assumptions were used to estimate the fair values:**

Cash and short-term deposits, trade receivables, loans, trade payables, and other current financial assets and liabilities approximate their carrying amounts largely due to the short-term maturities of these instruments.

Long-term receivables/payables are evaluated by the Company based on parameters such as interest rates, risk factors, individual creditworthiness of the counterparty and the risk characteristics of the financed project. Based on this evaluation, allowances are taken into account for the expected credit losses of these receivables.

All foreign currency denominated assets and liabilities are translated using exchange rate at reporting date.

**Fair Value Hierarchy**

The Company uses the following hierarchy for determining and disclosing the fair value of financial instruments by valuation technique:

Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities;

Level 2: Inputs other than the quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly; and

Level 3: Inputs based on unobservable market data.

## B. Financial Risk Management

Shakti Pumps (India) Limited is exposed primarily to market risk (fluctuation in foreign currency exchange rates & interest rate), credit, liquidity which may adversely impact the fair value of its financial instruments. The Company assesses the unpredictability of the financial environment & seeks to mitigate potential adverse effects on the financial performance of the Company.

### 1. Capital Management :

The company's capital management objectives are:

- (i) The Board policy is to maintain a strong capital base so as to maintain investor, creditor and market confidence and to sustain future development of the business. The board of directors monitors the return on capital employed.
- (ii) The Company manages capital risk by maintaining sound/optimal capital structure through monitoring of financial ratios, such as debt-to-equity ratio and net borrowings-to-equity ratio on a monthly basis and implements capital structure improvement plan when necessary.
- (iii) The Company uses debt equity ratio as a capital management index and calculates the ratio as the net debt divided by total equity. Net debts and total equity are based on the amounts stated in the financial statements.
- (iv) Debt Equity Ratio is as follows: (₹ In Lacs)

Particulars	As at March 31, 2023	As at March 31, 2022
Debt (A)	7,085.08	9,788.62
Equity (B)	36,313.39	34,269.77
Debt Equity Ratio (A/B)	0.20	0.29

### 2. Credit Risk :

- (i) Credit risk is the risk of financial loss arising from counter-party failure to repay or service debt according to the contractual terms or obligations. Credit risk encompasses both, the direct risk of default and the risk of deterioration of creditworthiness as well as concentration of risks. Credit risk is controlled by analysing credit limits and creditworthiness of customers on a continuous basis to whom the credit has been granted after obtaining necessary approvals for credit.
- (ii) Financial instruments that are subject to concentration of credit risk principally consists of trade receivables, investments, derivative financial instruments and other financial assets. None of the financial instruments of the Company results in material concentration of credit risk.

### 3. Liquidity Risk :

**Liquidity Risk Management :** Liquidity risk refers to the risk that the Company cannot meet its financial obligations. The objective of liquidity risk management is to maintain sufficient liquidity and ensure that funds are available for use as per requirements. The Company manages liquidity risk by maintaining adequate reserves, banking facilities and reserve borrowing facilities, by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

#### Maturities of Borrowings :

The following table details the Company's expected maturity for borrowings : (₹ In Lacs)

Exposure to Risk	As at March 31, 2023	As at March 31, 2022
<b>Interest bearing borrowings:</b>		
On Demand	6,597.20	8,799.46
Less than 180 Days	122.50	250.64
181-365 Days	122.50	250.64
More than 365 Days	242.87	487.87

#### 4. Market Risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Such changes in the values of financial instruments may result from changes in the foreign currency exchange rates, interest rates, credit, liquidity and other market changes. The Company's exposure to market risk is primarily on account of foreign currency exchange rate risk.

##### a) Foreign Currency Exchange Rate Risk :

The fluctuation in foreign currency exchange rates may have potential impact on the statement of profit or loss and other comprehensive income and equity, where any transaction references more than one currency or where assets / liabilities are denominated in a currency other than the functional currency of the respective entities. Considering the countries and economic environment in which the Company operates, its operations are subject to risks arising from fluctuations in exchange rates in those countries. The risks primarily relate to fluctuations in AED, US Dollar, Australian Dollar, Great Britain Pound, Euro, JPY against the respective functional currencies of the Company. The Company, as per its risk management policy, evaluates the impact of foreign exchange rate fluctuations by assessing its exposure to exchange rate risks & uses derivative instruments primarily to hedge foreign exchange (if required).

##### Foreign Currency Exposures :

(₹ In Lacs)

# Independent Auditors' Report

To the Members of

**SHAKTI PUMPS (INDIA) LIMITED**

## Report on the Audit of the Consolidated Financial Statements

### OPINION

We have audited the accompanying consolidated financial statements of Shakti Pumps (India) Limited ("the Parent") and its subsidiaries, (the Parent and its subsidiaries together referred to as "the Group") which comprise the Consolidated Balance Sheet as at 31 March 2023, the Consolidated Statement of Profit and Loss (including other comprehensive income), the Consolidated Cash Flows Statement and the Consolidated Statement of Changes in Equity for the year then ended, and a summary of the significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the consolidated state of affairs of the Group as at 31 March 2023, and their consolidated profit, their consolidated comprehensive income, their consolidated cash flows and their consolidated changes in equity for the year ended on that date.

### Basis for Opinion

We conducted our audit of the consolidated financial statements in accordance with the Standards on Auditing specified under section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the independence requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Act and the Rules made there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

### Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Sr. No.	Key Audit Matter	Auditor's Response
1	<p>Evaluation of uncertain tax positions</p> <p>The Group has material uncertain tax positions including matters under dispute which involves significant judgment to determine the possible outcome of these disputes.</p> <p>Refer Notes 31 to the Consolidated Financial Statements</p>	<p><b><u>Principal Audit Procedures</u></b></p> <p>Obtained details of completed tax assessments and demands for the year ended March 31, 2023, from management. We involved our internal experts to challenge the management's underlying assumptions in estimating the tax provision and the possible outcome of the disputes. Our internal experts also considered legal precedence and other rulings in evaluating management's position on these uncertain tax positions. Additionally, we considered the effect of new information in respect of uncertain tax positions as at April 1, 2022 to evaluate whether any change was required to management's position on these uncertainties.</p>

## INFORMATION OTHER THAN THE FINANCIAL STATEMENTS AND AUDITOR'S REPORT THEREON

The Parent's Board of Directors is responsible for the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility Report and Corporate Governance Report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to communicate the matter to those charged with governance as required under SA 720 'The Auditor's responsibilities Relating to Other information'.

## **MANAGEMENT'S RESPONSIBILITY FOR THE CONSOLIDATED FINANCIAL STATEMENTS**

The Parent's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of those consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance including other comprehensive income, consolidated changes in equity and consolidated cash flows of the Group in accordance with the Ind AS and other accounting principles generally accepted in India. The respective Board of Directors of the Companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, the respective Board of Directors of the companies included in the Group are responsible for assessing the ability of the Group to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies are also responsible for overseeing the Group's financial reporting process.

## **AUDITOR'S RESPONSIBILITY FOR THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS**

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance

but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Parent has adequate internal financial controls system in place and the operating effectiveness of such controls
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the consolidated financial statements of which we are the independent auditors. For the other entities included

in the consolidated financial statements, which have been audited by the other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

Materiality is the magnitude of misstatements in the consolidated financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the consolidated financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the consolidated financial statements.

We communicate with those charged with governance of the Parent and such other entities included in the consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

## OTHER MATTERS

We did not audit the financial statement of 6 subsidiaries included in the audited consolidated financial statement, whose financial statements reflect total assets of Rs. 11,385.90 lacs as on 31 March 2023. total revenues of Rs. 23,595.03 lacs, total net (loss)/profit after tax of Rs. 850.18 lacs and total comprehensive income/(loss) of Rs. 1,279.74 lacs for the period from 01 April 2022 to March 31, 2023, respectively as considered in the Statements. These financial statements have been audited by other auditors whose reports have been furnished to us by the Management and our conclusion on the Statement, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries is based solely on the reports of the other auditors and the procedures performed by us as stated in paragraph above.

Our opinion on the consolidated financial statements above and our report on Other Legal and Regulatory Requirements

below, is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditors and the financial statements / financial information certified by the Management.

## REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

## Annexure- A to the Independent Auditors' Report

(Referred to in paragraph 1(f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

### Report on the Internal Financial Controls under Clause (i) of sub-section 3 of Section 143 of the Companies Act, 2013 ('the Act')

In conjunction with our audit of the consolidated financial statements of the Company as of and for the year ended March 31, 2023, we have audited the internal financial controls over financial reporting of Shakti Pumps (India) Limited (hereinafter referred to as "Parent"), as of that date.

### Management's Responsibility for Internal Financial Controls

The Board of Directors of the Parent is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Parent's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

### Auditors' Responsibility

Our responsibility is to express an opinion on the Parent's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the 'Guidance Note') and the Standards on Auditing, issued by ICAI and deemed to be prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of

internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Parent's internal financial controls system over financial reporting.

### Meaning of Internal Financial Controls Over Financial Reporting

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Ind AS financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting includes those policies and procedures that:

- 1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company;
- 2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Ind AS financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of Management and directors of the Company; and
- 3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the Ind AS financial statements.

### Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

## Annexure- A to the Independent Auditors' Report on the Ind AS Financial Statements (continued)

### Opinion

In our opinion to the best of our information and according to the explanations given to us, the Parent, has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2023, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

# Notes to the Consolidated Financial Statements

## for the year ended March 31, 2023

### 1. The Group Overview:

The Group, Shakti Pumps India Limited (SPIL) and its subsidiaries, engaged in manufacturing & trading of Pumps, Motors & their spare parts. The core products of the Company are Engineered Pumps, Industrial Pumps, and Solar Pumps.

### 2. Basis of Preparation of Consolidated Financial Statements and significant accounting policies:

#### 2.1 Statement of Compliance

The Consolidated Financial Statements have been prepared in accordance with Indian Accounting Standards (Ind AS) as prescribed under Section 133 of the Companies Act, 2013 read with Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) (Amendment) Rules, 2016 and relevant provisions of the Companies Act, 2013.

#### 2.2 Basis of Preparation

- a) The Consolidated Financial Statements comprise of the financial statements of Shakti Pumps (India) Limited (Parent Company) and the following subsidiaries as on 31<sup>st</sup> March 2023:

Name of the Company	Country of Incorporation	Proportion of Ownership Interest of SPIL
Shakti Pumps LLC	USA	100%
Shakti Pumps FZE	UAE	100%
Shakti Pumps (Bangladesh) Ltd.	Bangladesh	100%
Shakti Pumps (Shanghai) Ltd.	China	100%
Shakti Energy Solutions Pvt. Ltd.	India	100%
Shakti EV Mobility Pvt. Ltd. (Formerly known as Shakti Green Industries Private Limited)	India	100%

- b) The Financial Statements of the parent company and its subsidiaries have been consolidated on a line by line basis by adding together the book value of like items of assets, liabilities, income and expenses, after eliminating Intra-group balances, Intra-group transactions and unrealised profits or losses in accordance with Ind AS 110 – “Consolidated Financial Statements”.
- c) Post-acquisition, the Company accounts for its share in the change in net assets of the subsidiaries (after eliminating unrealised profits and losses resulting from transactions between the Company and its subsidiaries to the extent of its share), through its statement of profit and loss, other comprehensive income and through its reserves for the balance.
- d) The difference between the cost of investment and the share of net assets at the time of acquisition of shares in the subsidiaries is identified in the financial statements as Capital Reserve/Goodwill as the case may be.
- e) The accounts of Shakti Pumps LLC, USA is exempt from Audit.
- f) The Accounting Policies of the parent company and its subsidiaries are largely similar. However, few accounting policies are different as certain subsidiaries located in different countries have to comply with the local regulatory requirements.
- g) In case of foreign subsidiaries, revenue items are consolidated at the average exchange rate during the year. All assets and liabilities are translated at year end exchange rate. The resulting exchange differences are recognised as Other Comprehensive Income/ (loss) and disclosed accordingly.
- h) Significant Accounting Policies of the financial statements of the company and its subsidiaries are set out in their respective Financial Statements.

- i) The Group has adopted Ind AS 116 using the prospective approach. The application of Ind AS 116 has resulted into recognition of 'Right-of-Use' asset with a corresponding Lease Liability in the Balance Sheet.

### 2.3 Significant Accounting Policies:

The significant accounting policies to prepare consolidated financial statements are in uniformity with the standalone financial statements of the Company. Following are the additional policies specifically considered for preparation of consolidated financial statements:

#### a) Business Combination:

Business Combinations are accounted for using the acquisition method. The cost of acquisition is measured at the aggregate of the fair values at the date of exchange of assets given, liabilities incurred or assumed and

equity instruments issued by the Company in exchange for control of the acquiree. The acquiree's identifiable assets, liabilities and contingent liabilities that meet the recognition criteria are stated at their fair values at the acquisition date except certain assets and liabilities required to be measured as per the applicable standard.

#### b) Deferred Tax:

The Company does not recognise deferred tax liability with respect to undistributed retained earnings of subsidiaries and foreign currency translation difference, comprised in Other Comprehensive Income, recognised on consolidation of foreign subsidiaries as the Company controls the timing of distribution of profits and it is probable that the subsidiaries will not distribute the profits in the foreseeable future.

## 35 Employee Benefit Obligations

### 35.1 Defined Contribution Plan :

The Company makes contribution to statutory provident fund as per Employees Provident Fund and Miscellaneous Provisions Act, 1952. This is a defined contribution plan as per IND-AS 19.

Particulars	2022-23	2021-22
Employers Contribution to Provident Fund/ Pension Fund	128.46	129.87
Employers Contribution to ESIC	1.13	3.02
<b>Total</b>	<b>129.59</b>	<b>132.89</b>

### 35.2 Defined Benefit Plan for Gratuity & for Leave Encashment :

- (i) Actuarial gains and losses in respect of defined benefit plans are recognised in the Financial statements through other comprehensive income.
- (ii) Through its defined benefit plans the Company is exposed to a number of risks, the most significant of which are detailed below:

#### a) Asset Volatility :

- (i) The plan liabilities are calculated using a discount rate; if plan assets under perform compared to the discount rate, this will create or increase a deficit.
- (ii) As the plans mature, the Company intends to reduce the level of investment risk by investing more in assets that better match the liabilities.

#### b) Life Expectancy :

The majority of the plan's obligations are to provide benefits for the service life of the member, so increases in service life expectancy will result in an increase in the plan's liabilities. This is particularly significant in the Company's defined benefit plans, where inflationary increases result in higher sensitivity to changes in service life expectancy.

The amounts recognized in the Balance Sheet are as follows :

<b>Total</b>	<b>23,776.11</b>	<b>44,200.49</b>	<b>23,776.11</b>	<b>44,200.49</b>

The following methods and assumptions were used to estimate the fair values:

Cash and short-term deposits, trade receivables, loans, trade payables, and other current financial assets and liabilities approximate their carrying amounts largely due to the short-term maturities of these instruments.

Long-term receivables/payables are evaluated by the Company based on parameters such as interest rates, risk factors, individual creditworthiness of the counterparty and the risk characteristics of the financed project. Based on this evaluation, allowances are taken into account for the expected credit losses of these receivables.

All foreign currency denominated assets and liabilities are translated using exchange rate at reporting date.

#### Fair Value Hierarchy

The Company uses the following hierarchy for determining and disclosing the fair value of financial instruments by valuation technique:

Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities;

Level 2: Inputs other than the quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly; and

Level 3: Inputs based on unobservable market data.

## B. Financial Risk Management

Shakti Pumps (India) Limited is exposed primarily to market risk (fluctuation in foreign currency exchange rates & interest rate), credit, liquidity which may adversely impact the fair value of its financial instruments. The Company assesses the unpredictability of the financial environment & seeks to mitigate potential adverse effects on the financial performance of the Company.

### 1. Capital Management :

The company's capital management objectives are:

- The Board policy is to maintain a strong capital base so as to maintain investor, creditor and market confidence and to sustain future development of the business. The board of directors monitors the return on capital employed.
- The Company manages capital risk by maintaining sound/optimal capital structure through monitoring of financial ratios, such as debt-to-equity ratio and net borrowings-to-equity ratio on a monthly basis and implements capital structure improvement plan when necessary.
- The Company uses debt equity ratio as a capital management index and calculates the ratio as the net debt divided by total equity. Net debts and total equity are based on the amounts stated in the financial statements.
- Debt Equity Ratio is as follows:

(₹ In Lacs)

Particulars	As at March 31, 2023	As at March 31, 2022
Debt (A)	7,340.08	10,501.12
Equity (B)	41,805.48	39,317.67
<b>Debt Equity Ratio (A/B)</b>	<b>0.18</b>	<b>0.27</b>

### 2. Credit Risk :

- Credit risk is the risk of financial loss arising from counter-party failure to repay or service debt according to

the contractual terms or obligations. Credit risk encompasses both, the direct risk of default and the risk of deterioration of creditworthiness as well as concentration of risks. Credit risk is controlled by analysing credit limits and creditworthiness of customers on a continuous basis to whom the credit has been granted after obtaining necessary approvals for credit.

- (ii) Financial instruments that are subject to concentration of credit risk principally consists of trade receivables, investments, derivative financial instruments and other financial assets. None of the financial instruments of the Company results in material concentration of credit risk.

### 3. Liquidity Risk :

**Liquidity Risk Management :** Liquidity risk refers to the risk that the Company cannot meet its financial obligations. The objective of liquidity risk management is to maintain sufficient liquidity and ensure that funds are available for use as per requirements. The Company manages liquidity risk by maintaining adequate reserves, banking facilities and reserve borrowing facilities, by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

#### Maturities of Borrowings :

The following table details the Company's expected maturity for borrowings :

(₹ In Lacs)

### 4. Market Risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Such changes in the values of financial instruments may result from changes in the foreign currency exchange rates, interest rates, credit, liquidity and other market changes. The Company's exposure to market risk is primarily on account of foreign currency exchange rate risk.

#### a) Foreign Currency Exchange Rate Risk :

The fluctuation in foreign currency exchange rates may have potential impact on the statement of profit or loss and other comprehensive income and equity, where any transaction references more than one currency or where assets / liabilities are denominated in a currency other than the functional currency of the respective entities. Considering the countries and economic environment in which the Company operates, its operations are subject to risks arising from fluctuations in exchange rates in those countries. The risks primarily relate to fluctuations in AED, US Dollar, Australian Dollar, Great Britain Pound, Euro, JPY against the respective functional currencies of the Company. The Company, as per its risk management policy, evaluates the impact of foreign exchange rate fluctuations by assessing its exposure to exchange rate risks & uses derivative instruments primarily to hedge foreign exchange (if required).

#### Foreign Currency Exposures :
