

CORPORATE SOCIAL RESPONSIBILITY (CSR) POLICY

The concept of Corporate Social Responsibility (“CSR”) has gained prominence from allAvenues. Organizations have realized that Government alone will not be able to get success in its endeavour to uplift the downtrodden in the society. For the Company in the presentContext, CSR means not only investment of funds for social activity but also integration of

Business processes with social processes.

Shakti Pumps (India) Limited (SPIL or “the Company “) believes that an organisation's true worth lies beyond its business, and is best reflected by the service it renders to the community and the society. An organisation has a responsibility to sub-serve larger societal goals as they have the ability to contribute for the welfare of the society. Social welfare and community development is therefore at the core of the Company’s Corporate Social Responsibility philosophy.

Corporate Social Responsibility is strongly connected with the principles of sustainability; an organization should make decisions based not only on financial factors, but also on the social and environmental consequences. Therefore, it is the responsibility of the Company toPractice its corporate values through its commitment to grow in a socially and environmentally responsible way, while meeting the interests of its stakeholders.

The Company recognizes that its business activities have wide impact on the societies inwhich it operates, and therefore an effective practice is required giving due consideration tothe interests of its stakeholders including shareholders, customers, employees, suppliers,business partners, local communities and other organizations. The company endeavours tomake CSR a key business process for sustainable development. The Company is committedtowards aligning with nature; and has adopted eco-friendly practices.

The main objective of this CSR Policy is to lay down guidelines for the companies to makeCSR a key business process for sustainable development for the Society. It aims atsupplementing the role of the Government in enhancing welfare measures of the societybased on the immediate and long-term social and environmental consequences of theiractivities. Company will act as a good Corporate Citizen, subscribing to the principles of Global Compact for implementation.
